# Florida State Legislative Scorecard

See how Members of Florida's General Assembly  
are voting on economic growth issues.

Club for Growth Foundation is a 501(c)(3) non-profit organization focused on educating the public about the value of free markets, pro-growth policies, and economic prosperity.

State Scorecards are created by the Club for Growth Foundation to educate the public about the voting records of the legislators who serve in state legislatures. This is part of a larger scorecard project that the Club for Growth Foundation has created to educate the public about the economic positions taken by legislators in states across the country.

# Our Mission

THE FOUNDATION  
EDUCATES THE  
PUBLIC ABOUT PRO-  
GROWTH POLICIES.

THE FOUNDATION  
CONDUCTS  
COMPREHENSIVE  
EXAMINATIONS OF  
VOTING RECORDS.

THE FOUNDATION'S  
GOAL IS TO INFORM  
THE PUBLIC AND  
BRING AWARENESS  
TO LAWMAKERS.

# Methodology | Florida 2022

Club for Growth Foundation publishes the scorecard study so the public can monitor the actions and the voting behavior of Florida’s elected state lawmakers on economic growth issues.

The Foundation conducted a comprehensive examination of each lawmaker’s record on votes related to pro-growth policies and computed an Economic Growth Score on a scale of 0 to 100. A score of 100 indicates the highest support for pro-growth policies.

**The Foundation examines legislative votes related to the Club’s immediate pro-economic growth policy goals, including:**

- Reducing or eliminating tax rates and enacting tax reform
- Limited government through limited spending and budget reform
- Regulatory reform and deregulation
- Ending abusive lawsuits through medical malpractice and tort reform
- Expanding school choice
- Implementing term limits

Not all of these policy goals will come up for a vote in each legislative session.

The Foundation also examines votes on bills that would directly harm these goals.

This scorecard is based on selected votes of importance to the Foundation, and does not include the complete voting record of any legislator. There are inherent limitations in judging the overall qualifications of any legislator based on a selected voting record, and the Foundation does not endorse or oppose any legislator for public office.

## LEGISLATIVE ACTIONS CONSIDERED IN FLORIDA IN 2022

The Foundation’s study examined over 750 floor votes and, in the end, included 12 Florida House votes and 12 Florida Senate votes.

### COMPUTATION

Scores are computed on a scale of 0 to 100. Each vote or action in the rating is assigned a certain number of points depending on its relative importance. If a lawmaker casts a correct vote, the scorecard will denote it with that number. If a lawmaker casts an incorrect vote, the scorecard will denote that vote with a hyphen (-). Absences are not counted – signified as an “X” on the scorecard – though the Foundation reserves the right to do so if, in its judgment, a lawmaker’s position was otherwise discernible. If a lawmaker was not officially sworn into office at the time of a vote, the scorecard will denote that vote with an “I”.

To provide some additional guidance concerning the scores, each lawmaker was ranked. Aside from ties, lawmakers with 0% scores are, by default, ranked #120 in the

House and #40 in the Senate if all lawmakers are present. Scores and ranks cannot be directly compared between the House and Senate, as different votes were taken in each chamber. If applicable, the study also records a “Lifetime Score” for each lawmaker. This is a simple average of the scores from 2022 and all previous years where the lawmaker earned a score.

In some cases, a lawmaker was not present for enough votes for a meaningful score or ranking to be computed. In such cases “n.a.” for “not applicable” appears. In computing lifetime scores, years with “n.a.” listed instead of a score are not included. Comparing such scores to other members without “n.a.” years may be misleading.

### ADDITIONAL FACTORS

A study of roll call votes on the floor of the Florida House and Florida Senate and legislative actions is just that. It cannot account for a lawmaker’s work in committee, advocacy in his party’s caucus meetings, and effectiveness as a leader in advocating pro-growth policies.

“Through the release of this series, the Club for Growth Foundation is looking at how state legislatures perform in terms of pro-growth policies. We believe that this scorecard will help inform citizens and entrepreneurs about who supports the policies that are good for economic prosperity.”

# Florida 2022 | Senate Vote Descriptions

## HB 1099

### NEW INSURANCE MANDATE

(CFGF OPPOSES)

This bill creates a new mandate for various life, long-term care, and disability insurance policies in the state of Florida. Specifically, the legislation prohibits insurers from adjusting insurance policies against individuals who are living organ donors when it comes to various policies offered by the insurer. This regulatory overreach operates similarly to the guaranteed issue mandate in Obamacare responsible for more than tripling health insurance costs in some states since 2013. Lawmakers should not impose prescriptive regulatory mandates on how insurers are allowed to determine risk when it comes to particular policies—such measures increase overall costs for ratepayers and further expand insurance bureaucracy. The Florida House passed the bill, 113-0, on February 24, 2022. The Florida Senate passed it, 38-1, on March 2, 2022.

## HB 5001

### MISSED OPPORTUNITY BUDGET BILL

(CFGF OPPOSES)

This bill authorizes a record \$112.1 billion in appropriations which is a 10.4 percent year-over-year increase from the FY2022 budget. Specifically, the legislation includes a 5.4 percent across-the-board pay raise for government employees, a \$15 minimum wage for government workers and workers affiliated with Medicaid providers, and \$800 million to establish minimum teacher salaries. The spending was so high that Governor DeSantis used his line-item veto to cut over \$3 billion within the budget. The Florida House passed the bill, 105-3, on March 14, 2022. The Florida Senate passed it, 33-0, on the same day.

## HB 5011

### NEW GIMMICKY SLUSH FUND

(CFGF OPPOSES)

This bill creates a new government fund called the Budgeting for Inflation that Drives Elevated

Needs fund (BIDEN) to allegedly fight inflation. Specifically, the legislation directs \$2 billion in general fund transfers over to this new fund, ostensibly designed to offset the costs to the state government from record inflation. Creating new gimmicky funds using taxpayer money is not the way to alleviate inflationary pressures on hardworking Floridians. Instead, Florida lawmakers should focus on reducing spending, rolling back onerous regulations, and passing targeted tax relief measures. The Florida House passed the bill, 82-26, on March 14, 2022. The Florida Senate passed it, 33-0, the same day. Governor DeSantis vetoed this legislation.

## HB 5401

### EXPANDED WELFARE PROGRAM

#### SPENDING

(CFGF OPPOSES)

This bill increases funding for the Inmate Welfare program. Specifically, the legislation lifts the annual funding cap from \$2.5 million to \$7.5

million—an increase of 200 percent. While the funds are intended for facility improvements for certain incarcerated populations, no program should receive a 200 percent funding increase on an annual basis in perpetuity. This legislation sets a dramatically new baseline for all future Florida budgets. The Florida House passed the bill, 117-0, on February 16, 2022. The Florida Senate passed it, 38-0, on February 17, 2022.

### HB 7071

#### INFLATION FIGHTING TAX RELIEF PACKAGE

**(CFGF SUPPORTS)**

This bill enacts targeted tax relief for hardworking Floridians through the implementation of 10 temporary sales tax holidays totaling \$1.2 billion. Specifically, the legislation targets the key drivers of inflation impacting families and workers, enacting a one-year sales tax holiday for diapers, a one-month holiday for fuel taxes, and a one-year sales tax holiday for appliances. Additionally, the legislation does extend some ill-advised tax credits, but mostly provides much-needed

relief for struggling families and households. The Florida House passed the bill, 107-0, on March 14, 2022. The Florida Senate passed it, 33-0, on the same day.

### SB 280

#### LOCAL ORDINANCE REFORM

**(CFGF SUPPORTS)**

This bill requires that municipal and county governments provide business impact statements for proposed ordinances and regulations. Specifically, the legislation requires that local governments publish analyses on their website and include projected compliance costs for businesses and estimated economic impacts. The average cost of starting a small business is well over \$30,000. Transparency for entrepreneurs and small business owners concerning regulatory obstacles serves as a deterrent for bad policymaking and improves the ability of job creators to prosper. The bill passed the Florida Senate, 28-8, on January 27, 2022. The Florida House did not take it up.

### SB 434

#### CRONY TOURISM PROGRAM EXTENSION

**(CFGF OPPOSES)**

This bill extends the authorization for the VISIT FLORIDA tourism marketing corporation. Specifically, the legislation extends the sunset of the program for another five years until 2028 at a total estimated taxpayer cost of \$65 million. Government-sponsored travel promotion subsidies enrich bureaucrats at the expense of hardworking Floridians for activities better left to the private sector. Florida sells itself. Taxpayers should not be asked to pay for government-approved advertising. The Florida House passed the bill, 98-17, on March 2, 2022. The Florida Senate passed the bill, 36-3, on March 8, 2022.

### SB 620

#### SMALL BUSINESS PROTECTION ACT

**(CFGF SUPPORTS)**

This bill creates a right of action for businesses negatively impacted by municipal or county mandates. Specifically, the legislation provides for a business to sue a local or county

## Florida 2022 | Senate Vote Descriptions

government if such entities enacted an ordinance that caused a minimum 15 percent profit loss for that business. Additionally, eligible businesses must have been established for at least three years and recoverable damages are equal to at least the probable damages that the application of the ordinance may have reasonably caused. Punitive accountability measures leveled against heavy-handed governments ultimately protect Floridians and improve their ability to prosper. The Florida House passed the bill, 69-45, on March 9, 2022. The Florida Senate passed it, 22-14, on January 27, 2022.

### SB 2512

#### ELITIST AIRCRAFT SUBSIDY PROGRAM

##### (CFGF OPPOSES)

This bill reauthorizes the executive aircraft pool within the Department of Management Services (DMS) for so-called “executive air travel.” Specifically, the legislation authorizes two new aircraft within DMS for use by nearly 100 state officials and creates 17 new government positions at a taxpayer cost of \$21 million. At a time of

record inflation and skyrocketing prices, working and middle-class households should not subsidize cushy travel arrangements for elected officials. The Florida House passed the bill, 95-11, on March 14, 2022. The Florida Senate passed the bill, 32-1, on the same day. Governor DeSantis vetoed the legislation.

### SB 2524

#### SCHOOL CHOICE SCHOLARSHIP EXPANSION

##### (CFGF SUPPORTS)

This bill expands the number of available scholarships for certain students through the Family Empowerment Scholarship (FES) program. Specifically, the legislation increases the number of scholarships from 20,000 to 26,500 for students with disabilities or specialized circumstances such as foster care or dependents of military families to attend a school of their choice through the FES program. Florida’s robust school choice programs continue to empower parents, focus on student outcomes, and diminish the grip of the destructive education bureaucracy. The Florida House passed the bill,

83-24, on March 14, 2022. The Florida Senate passed it, 31-2, on the same day.

### SB 4-C

#### REPEALING CORPORATE SWEETHEART DEALS

##### (CFGF SUPPORTS)

This bill eliminates the statutory authority for six independent special districts established before the ratification of Florida’s current state constitution in 1968. Specifically, the legislation strips entities such as Disney of their sweetheart self-governing agreement that allowed the corporation to effectively levy taxes, issue fees, and enact regulatory guidelines under the auspices of the Reedy Creek Improvement District. No corporation should be handed such massive power to operate as a semi-governmental entity propped up by hardworking Floridians. This arrangement was corporate welfare on steroids and lawmakers were right to dissolve it. The Florida House passed the bill, 70-38, on April 21, 2022. The Florida Senate passed the bill, 23-16, on April 20, 2022.

## Florida 2022 | Senate Vote Descriptions

### SB 2-D Amendment 578438

#### BRACY RENT CONTROL MEASURE

(CFGF OPPOSES)

This amendment imposes a statewide rent control scheme on landlords that is both unconstitutional and economically destructive. Specifically, the Bracy measure would impose a 3 percent annual rent increase cap on all dwellings—either occupied or vacant—in perpetuity. Rent controls disincentivize new housing developments and reduce property values. Additionally, such measures disadvantage low-income communities that lose access to properties due to higher-income earners remaining in dwellings longer than they otherwise would. The Florida Senate killed the amendment, 16-23, on May 24, 2022. The Florida House did not take it up.

# Florida 2022 | House Vote Descriptions

## HB 1099

### NEW INSURANCE MANDATE

#### (CFGF OPPOSES)

This bill creates a new mandate for various life, long-term care, and disability insurance policies in the state of Florida. Specifically, the legislation prohibits insurers from adjusting insurance policies against individuals who are living organ donors when it comes to various policies offered by the insurer. This regulatory overreach operates similarly to the guaranteed issue mandate in Obamacare responsible for more than tripling health insurance costs in some states since 2013. Lawmakers should not impose prescriptive regulatory mandates on how insurers are allowed to determine risk when it comes to particular policies—such measures increase overall costs for ratepayers and further expand insurance bureaucracy. The Florida House passed the bill, 113-0, on February 24, 2022. The Florida Senate passed it, 38-1, on March 2, 2022.

## HB 1197

### RIGHT TO WORK PROTECTIONS

#### (CFGF SUPPORTS)

This bill implements stronger protections for workers against union coercion. Specifically, the legislation requires that unions provide public sector employees an up-front notice that Florida is a right-to-work state, union membership is voluntary, and workers cannot be discriminated against for refusing to join a union. Additionally, the bill requires unions to revoke an individual's membership upon request without question, prohibits union dues from being deducted from employee paychecks, and implements a membership floor of 50 percent of eligible employees. If membership is below that number, then the organization must apply for recertification. The Florida House passed the bill, 60-47, on March 4, 2022. The Florida Senate did not take it up.

## HB 5001

### MISSED OPPORTUNITY BUDGET BILL

#### (CFGF OPPOSES)

This bill authorizes a record \$112.1 billion in appropriations which is a 10.4 percent year-over-year increase from the FY2022 budget. Specifically, the legislation includes a 5.4 percent across-the-board pay raise for government employees, a \$15 minimum wage for government workers and workers affiliated with Medicaid providers, and \$800 million to establish minimum teacher salaries. The spending was so high that Governor DeSantis used his line-item veto to cut over \$3 billion within the budget. The Florida House passed the bill, 105-3, on March 14, 2022. The Florida Senate passed it, 33-0, on the same day.

## HB 5011

### NEW GIMMICKY SLUSH FUND

#### (CFGF OPPOSES)

This bill creates a new government fund called the Budgeting for Inflation that Drives Elevated

ABOUT THE FOUNDATION

FLORIDA HOUSE VOTE DESCRIPTIONS

## Florida 2022 | House Vote Descriptions

Needs fund (BIDEN) to allegedly fight inflation. Specifically, the legislation directs \$2 billion in general fund transfers over to this new fund, ostensibly designed to offset the costs to the state government from record inflation. Creating new gimmicky funds using taxpayer money is not the way to alleviate inflationary pressures on hardworking Floridians. Instead, Florida lawmakers should focus on reducing spending, rolling back onerous regulations, and passing targeted tax relief measures. The Florida House passed the bill, 82-26, on March 14, 2022. The Florida Senate passed it, 33-0, the same day. Governor DeSantis vetoed this legislation.

### HB 5101

#### MODEST SCHOOL CHOICE FLEXIBILITY IMPROVEMENT

##### (CFGF SUPPORTS)

This bill modestly expands Florida's already robust school choice programs. Specifically, the legislation requires schools and charter schools to disclose their capacity and availability for new student transfers, maintain a wait list that

notifies parents about openings, and expands existing scholarship usage for transportation services by at least \$750 per student. The Florida House passed the bill, 97-20, on February 16, 2022. The Florida Senate did not take it up.

### HB 5401

#### EXPANDED WELFARE PROGRAM SPENDING

##### (CFGF OPPOSES)

This bill increases funding for the Inmate Welfare program. Specifically, the legislation lifts the annual funding cap from \$2.5 million to \$7.5 million—an increase of 200 percent. While the funds are intended for facility improvements for certain incarcerated populations, no program should receive a 200 percent funding increase on an annual basis in perpetuity. This legislation sets a dramatically new baseline for all future Florida budgets. The Florida House passed the bill, 117-0, on February 16, 2022. The Florida Senate passed it, 38-0, on February 17, 2022.

### HB 7071

#### INFLATION FIGHTING TAX RELIEF PACKAGE

##### (CFGF SUPPORTS)

This bill enacts targeted tax relief for hardworking Floridians through the implementation of 10 temporary sales tax holidays totaling \$1.2 billion. Specifically, the legislation targets the key drivers of inflation impacting families and workers, enacting a one-year sales tax holiday for diapers, a one-month holiday for fuel taxes, and a one-year sales tax holiday for appliances. Additionally, the legislation does extend some ill-advised tax credits, but mostly provides much-needed relief for struggling families and households. The Florida House passed the bill, 107-0, on March 14, 2022. The Florida Senate passed it, 33-0, on the same day.

### SB 434

#### CRONY TOURISM PROGRAM EXTENSION

##### (CFGF OPPOSES)

This bill extends the authorization for the VISIT FLORIDA tourism marketing corporation. Specifically, the legislation extends the sunset

of the program for another five years until 2028 at a total estimated taxpayer cost of \$65 million. Government-sponsored travel promotion subsidies enrich bureaucrats at the expense of hardworking Floridians for activities better left to the private sector. Florida sells itself. Taxpayers should not be asked to pay for government-approved advertising. The Florida House passed the bill, 98-17, on March 2, 2022. The Florida Senate passed the bill, 36-3, on March 8, 2022.

### SB 620

#### SMALL BUSINESS PROTECTION ACT

##### (CFGF SUPPORTS)

This bill creates a right of action for businesses negatively impacted by municipal or county mandates. Specifically, the legislation provides for a business to sue a local or county government if such entities enacted an ordinance that caused a minimum 15 percent profit loss for that business. Additionally, eligible businesses must have been established for at least three years and recoverable damages are equal to at least the probable damages that the application

of the ordinance may have reasonably caused. Punitive accountability measures leveled against heavy-handed governments ultimately protect Floridians and improve their ability to prosper. The Florida House passed the bill, 69-45, on March 9, 2022. The Florida Senate passed it, 22-14, on January 27, 2022.

### SB 2512

#### ELITIST AIRCRAFT SUBSIDY PROGRAM

##### (CFGF OPPOSES)

This bill reauthorizes the executive aircraft pool within the Department of Management Services (DMS) for so-called “executive air travel.” Specifically, the legislation authorizes two new aircraft within DMS for use by nearly 100 state officials and creates 17 new government positions at a taxpayer cost of \$21 million. At a time of record inflation and skyrocketing prices, working and middle-class households should not subsidize cushy travel arrangements for elected officials. The Florida House passed the bill, 95-11, on March 14, 2022. The Florida Senate passed the bill, 32-1, on the same day. Governor DeSantis vetoed the legislation.

### SB 2524

#### SCHOOL CHOICE SCHOLARSHIP EXPANSION

##### (CFGF SUPPORTS)

This bill expands the number of available scholarships for certain students through the Family Empowerment Scholarship (FES) program. Specifically, the legislation increases the number of scholarships from 20,000 to 26,500 for students with disabilities or specialized circumstances such as foster care or dependents of military families to attend a school of their choice through the FES program. Florida’s robust school choice programs continue to empower parents, focus on student outcomes, and diminish the grip of the destructive education bureaucracy. The Florida House passed the bill, 83-24, on March 14, 2022. The Florida Senate passed it, 31-2, on the same day.

### SB 4-C

#### REPEALING CORPORATE SWEETHEART DEALS

##### (CFGF SUPPORTS)

This bill eliminates the statutory authority for six independent special districts established before the ratification of Florida's current state constitution in 1968. Specifically, the legislation strips entities such as Disney of their sweetheart self-governing agreement that allowed the corporation to effectively levy taxes, issue fees, and enact regulatory guidelines under the auspices of the Reedy Creek Improvement District. No corporation should be handed such massive power to operate as a semi-governmental entity propped up by hardworking Floridians. This arrangement was corporate welfare on steroids and lawmakers were right to dissolve it. The Florida House passed the bill, 70-38, on April 21, 2022. The Florida Senate passed the bill, 23-16, on April 20, 2022.
