New Hampshire State Economic Scorecard

See how Members of the New Hampshire General Court are voting on economic growth issues.

Club for Growth Foundation is a 501(c)(3) non-profit organization focused on educating the public about the value of free markets, pro-growth policies, and economic prosperity.

State Scorecards are created by the Club for Growth Foundation to educate the public about the voting records of the legislators who serve in state legislatures. It is part of a larger scorecard project that the Club for Growth Foundation has created to educate the public about the economic positions taken by legislators in states across the country.

Our Mission

THE FOUNDATION EDUCATES THE PUBLIC ABOUT PRO-GROWTH POLICIES.

THE FOUNDATION CONDUCTS COMPREHENSIVE EXAMINATIONS OF VOTING RECORDS.

THE FOUNDATION'S GOAL IS TO INFORM THE PUBLIC AND BRING AWARENESS TO LAWMAKERS.

Methodology | New Hampshire 2020

Club for Growth Foundation publishes the scorecard study so the public can monitor the actions and the voting behavior of New Hampshire's elected state lawmakers on economic growth issues.

The Foundation conducted a comprehensive examination of each lawmaker's record on votes related to pro-growth policies and computed an Economic Growth Score on a scale of 0 to 100. A score of 100 indicates the highest support for pro-growth policies.

The Foundation examines legislative votes related to the Club's immediate pro-economic growth policy goals, including:

- Reducing or eliminating tax rates and enacting tax reform
- Limited government through limited spending and budget reform
- Regulatory reform and deregulation
- Ending abusive lawsuits through medical malpractice and tort reform
- Expanding school choice
- Implementing term limits

Not all of these policy goals will come up for a vote in each legislative session.

The Foundation also examined votes on bills that would directly harm these goals.

This scorecard is based on selected votes of importance to the Foundation, and does not include the complete voting record of any legislator. There are inherent limitations in judging the overall qualifications of any legislator based on a selected voting record, and the Foundation does not endorse or oppose any legislator for public office.

LEGISLATIVE ACTIONS CONSIDERED IN NEW HAMPSHIRE IN 2020

The Foundation’s study examined over 270 floor votes and, in the end, included 15 New Hampshire House votes and 9 New Hampshire Senate votes.

COMPUTATION

Scores are computed on a scale of 0 to 100. Each vote or action in the rating is assigned a certain number of points depending on its relative importance. If a lawmaker casts a correct vote, the scorecard will denote it with that number. If a lawmaker casts an incorrect vote, the scorecard will denote that vote with a hyphen (-). Absences are not counted - signified as an “X” on the scorecard - though the Foundation reserves the right to do so if, in its judgment, a lawmaker’s position was otherwise discernible. If a lawmaker was not officially sworn into office at the time of a vote, the scorecard will denote that vote with an “I”.

To provide some additional guidance concerning the scores, each lawmaker was

ranked. Aside from ties, lawmakers with 0% scores are, by default, ranked #400 in the House and #24 in the Senate. Scores and ranks cannot be directly compared between the House and Senate, as different votes were taken in each chamber. If applicable, the study also records a “Lifetime Score” for each lawmaker. This is a simple average of the scores from 2020 and all previous years where the lawmaker earned a score.

In some cases, a lawmaker was not present for enough votes for a meaningful score or ranking to be computed. In such cases “n.a.” for “not applicable” appears. In computing lifetime scores, years with “n.a.” listed instead of a score are not included. Comparing such scores to other members without “n.a.” years may be misleading.

ADDITIONAL FACTORS

A study of roll call votes on the floor of the New Hampshire House and New Hampshire Senate and legislative actions is just that. It cannot account for a lawmaker’s work in committee, advocacy in his party’s caucus meetings, and effectiveness as a leader in advocating pro-growth policies.

“Through the release of this series, the Club for Growth Foundation is looking at how state legislatures perform in terms of pro-growth policies. We believe that this scorecard will help inform citizens and entrepreneurs about who supports the policies that are good for economic prosperity.”

- DAVID McINTOSH

HB 712

TAX HIKE FOR PAID FAMILY LEAVE

(CFGF OPPOSES)

This bill would create a new paid family leave insurance program paid for with a tax hike on businesses equal to 0.5% of wages, or over \$168 million a year. This is not a core function of government. It is better left to the private sector where competition and choice will keep economic growth high and costs low. On the motion of “Ought to Pass with Amendment”, the New Hampshire House passed this bill, 215-141, on January 8, 2020. The New Hampshire Senate passed it, 14-10, on March 12, 2020.

HB 731

MINIMUM WAGE INCREASE

(CFGF OPPOSES)

The minimum wage is a price control on labor. Increasing or expanding the minimum wage often has the opposite desired effect, leading to job losses and shortages. This bill would establish a new statewide minimum wage

starting at \$10 an hour and gradually going up to \$12 in 2023. The bill also creates a price floor of \$4 an hour for tipped employees. On the motion of “Ought to Pass with Amendment”, the New Hampshire Senate passed this bill, 14-10, on June 16, 2020. The New Hampshire House passed it, 199-124, on July 1, 2020.

HB 1280

MORE REGULATIONS ON HEALTH INSURANCE

(CFGF OPPOSES)

This bill places several new anti-growth regulations on health insurance. It includes a mandate that insurance plans provide coverage for epinephrine autoinjectors. It institutes a price cap on co-pays for the purchase of insulin and it creates a so-called “drug affordability” advisory board that could lead to more price controls. When lawmakers mandate insurance coverage for various medical conditions or services and enact price controls, it may help a certain portion of the population, but it reduces

overall healthcare freedom and drives up the price for everyone. The New Hampshire Senate passed this bill, 24-0, on June 16, 2020. The New Hampshire House passed it, 224-104, on July 1, 2020.

SB 124

HIGHER RENEWABLE ENERGY STANDARDS (CFGF OPPOSES)

This bill increases the required minimum percentages for different kinds of renewable energy for the state’s electric renewable portfolio standards through the year 2040. This is a huge transfer of wealth from ratepayers to politically-connected energy companies who are now able to force new kinds of energy use on the public. On the motion of “Ought to Pass with Amendment”, the New Hampshire House passed this bill, 214-141, on January 9, 2020. The New Hampshire Senate passed it, 14-10, on June 29, 2020.

SB 304

COMMITTEE TO STUDY PUBLIC CAMPAIGN FUNDING

(CFGF OPPOSES)

This bill creates a committee to study the public funding of certain state election campaigns. The public funding of campaigns restricts a person's 1st Amendment rights by forcing them to pay for the campaigns of candidates whom they may disagree with. This is not a core function of government. On the motion of "Ought to Pass with Amendment", the New Hampshire Senate passed this bill, 13-10, on January 8, 2020. The bill died in the New Hampshire House.

SB 603

JOBS TRAINING PROGRAM

(CFGF OPPOSES)

This bill provides a jobs training program for employees in the biomass and related forest product industries who have been laid off or whose company has relocated. Taxpayers should not be forced to pay for job training programs that single out politically-connected industries or that could be handled by the

private sector. On the motion of "Ought to Pass", the New Hampshire Senate passed this bill, 13-11, on March 11, 2020. The bill died in the New Hampshire House.

SB 651

RIGHT TO WORK LEGISLATION

(CFGF SUPPORTS)

This bill states, among other things, that no person shall be required, as a condition of employment or continuation of employment, to join a labor union or to pay dues or fees to a labor union. This is a common-sense bill that protects individual freedom and economic growth. On the motion of "Inexpedient to Legislate", the New Hampshire Senate voted, 14-9, on February 6, 2020. This effectively killed the bill.

SB 688

OUTLAW PRICE GOUGING ON GENERIC DRUGS

(CFGF OPPOSES)

The bill authorizes the state's Department of Justice to investigate suspected price gouging

of generic drugs. The department has broad authority to determine what is "fair". It also gets to investigate price gouging that has yet to occur but might occur. This is plain abuse of government power. On the motion of "Ought to Pass with Amendment", the New Hampshire Senate passed this bill, 24-0, on March 12, 2020. The bill died in the New Hampshire House.

SB 754

NEW DENTAL ENTITLEMENT UNDER MEDICAID

(CFGF OPPOSES)

Similar to HB 250 in the House, this bill requires the commissioner of the Department of Health and Human Services to contract with dental managed care organizations to provide dental care to Medicaid recipients. Rather than expand government-run healthcare with new services, lawmakers should be passing legislation that keeps the government out of the health insurance industry. On the motion of "Ought to Pass with Amendment", the New Hampshire Senate passed this bill, 24-0, on March 12, 2020. The bill died in the New Hampshire House.

New Hampshire 2020 | House Vote Descriptions

HB 250

NEW DENTAL ENTITLEMENT UNDER MEDICAID

(CFGF OPPOSES)

Similar to SB 754 in the Senate, this bill requires the commissioner of the Department of Health and Human Services to contract with dental managed care organizations to provide dental care to Medicaid recipients. Rather than expand government-run healthcare with new services, lawmakers should be passing legislation that keeps the government out of the health insurance industry. On the motion of “Ought to Pass with Amendment”, the New Hampshire Senate voted, 19-5, on June 16, 2020. The New Hampshire House passed it, 205-124, on July 1, 2020.

HB 546

NEW OCCUPATIONAL LICENSING REGIME FOR ART THERAPISTS

(CFGF OPPOSES)

Occupational licensure laws restrict innovation

and job growth. It’s also a prime example of regulatory capture where industry can control its own competition through the political process. This bill creates the licensure and regulation of art therapists and adds an art therapist to the board of mental health practice. On the motion of “Ought to Pass with Amendment”, the New Hampshire House passed this bill, 218-144, on January 8, 2020. The bill died in the New Hampshire Senate.

HB 559

NEW TAXES ON SINGLE-USE BAGS

(CFGF OPPOSES)

This anti-growth bill requires New Hampshire stores to charge customers a minimum of 10 cents per single-use bag - both paper and plastic - up to a maximum of 50 cents per purchase at the point of sale. On the motion of “Ought to Pass with Amendment”, the New Hampshire House passed this bill, 205-158, on January 9, 2020. The bill died in the New Hampshire Senate.

HB 712

TAX HIKE FOR PAID FAMILY LEAVE

(CFGF OPPOSES)

This bill would create a new paid family leave insurance program paid for with a tax hike on businesses equal to 0.5% of wages, or over \$168 million a year. This is not a core function of government. It is better left to the private sector where competition and choice will keep economic growth high and costs low. On the motion of “Ought to Pass with Amendment”, the New Hampshire House passed this bill, 215-141, on January 8, 2020. The New Hampshire Senate passed it, 14-10, on March 12, 2020.

HB 731

MINIMUM WAGE INCREASE

(CFGF OPPOSES)

The minimum wage is a price control on labor. Increasing or expanding the minimum wage often has the opposite desired effect, leading to job losses and shortages. This bill would establish a new statewide minimum wage

starting at \$10 an hour and gradually going up to \$12 in 2023. The bill also creates a price floor of \$4 an hour for tipped employees. On the motion of “Ought to Pass with Amendment”, the New Hampshire Senate passed this bill, 14-10, on June 16, 2020. The New Hampshire House passed it, 199-124, on July 1, 2020.

HB 1102

REQUIRED FOOD ALLERGY EMPLOYEE

(CFGF OPPOSES)

This bill requires all restaurants to establish food allergy awareness procedures. This includes having a person present during all hours of operation who has been designated as a “food protection manager” and who must be certified by the state. These nanny-state regulations are costly and restrict economic freedom. This is not a core function of government. On the motion of “Ought to Pass with Amendment”, the New Hampshire House passed this bill, 232-81, on March 11, 2020. The bill died in the New Hampshire Senate.

HB 1147

PROHIBIT LICENSING FOR LEMONADE STANDS

(CFGF SUPPORTS)

Overly aggressive local governments across the country have sought to shut down entrepreneurial lemonade stands run by children. This common-sense bill would prohibit municipalities from requiring a license for any lemonade stand operated by a person under the age of 18. On the motion of “Inexpedient to Legislate”, the New Hampshire House voted, 181-110, on March 12, 2020. This effectively killed the bill.

HB 1275

ALLOW LAB TESTS WITHOUT A PRESCRIPTION

(CFGF SUPPORTS)

This bill allows a person to order a laboratory test for themselves without the consent of a medical practitioner. This pro-growth bill expands healthcare freedom by giving the customer direct access to lab tests without the cost and interference of getting a doctor’s approval

beforehand. On the motion of “Inexpedient to Legislate”, the New Hampshire House voted, 189-123, on March 12, 2020. This effectively killed the bill.

HB 1280

MORE REGULATIONS ON HEALTH INSURANCE

(CFGF OPPOSES)

This bill places several new anti-growth regulations on health insurance. It includes a mandate that insurance plans provide coverage for epinephrine autoinjectors. It institutes a price cap on co-pays for the purchase of insulin and it creates a so-called “drug affordability” advisory board that could lead to more price controls. When lawmakers mandate insurance coverage for various medical conditions or services and enact price controls, it may help a certain portion of the population, but it reduces overall healthcare freedom and drives up the price for everyone. The New Hampshire Senate passed this bill, 24-0, on June 16, 2020. The New Hampshire House passed it, 224-104, on July 1, 2020.

HB 1286

NEW OCCUPATIONAL LICENSING REGIME FOR MUSIC THERAPISTS (CFGF OPPOSES)

Occupational licensure laws restrict innovation and job growth. It's also a prime example of regulatory capture where industry can control its own competition through the political process. This bill creates the licensure and regulation of music therapists and establishes a music therapy governing board in the Office of Licensed Allied Health Professionals. On the motion of "Ought to Pass with Amendment", the New Hampshire House passed this bill, 182-125, on March 12, 2020. The bill died in the New Hampshire Senate.

HB 1399

LABOR UNION "CARD CHECK" (CFGF OPPOSES)

This bill would effectively institute "card check" - a method that labor unions use to harass and bully employees into approving the organization of a union without a secret ballot vote. On the

motion of "Ought to Pass", the New Hampshire House passed the bill, 205-142, on March 5, 2020. The bill died in the New Hampshire Senate.

HB 1444

IMPORT CALIFORNIA'S CRAZY LAWS (CFGF OPPOSES)

This anti-growth bill requires the adoption of California's Low Emission/Zero Emission vehicle standards. This legislation would grow government through more bureaucracy and spending, force dealerships to buy cars that consumers may not want, and limit consumer choice and economic freedom. On the motion of "Ought to Pass with Amendment", the New Hampshire House passed it, 179-109, on March 13, 2020. The bill died in the New Hampshire Senate.

HB 1472

RESTRICT USAGE OF PLASTIC STRAWS (CFGF OPPOSES)

This bill prohibits businesses from providing a single-use plastic straw unless a customer

specifically requests one. When the government is regulating something so small as a plastic straw, it is overreaching into the private sector. Instead, consumer demand and individual freedom should dictate such decisions. On the motion of "Ought to Pass with Amendment", the New Hampshire House passed this bill, 197-135, on March 11, 2020. The bill died in the New Hampshire Senate.

HB 1701

NEW PLASTIC BAG REGULATIONS (CFGF OPPOSES)

This bill would force certain stores to establish a recycling program for various kinds of plastic bags and register with the Department of Environmental Services. Recycling programs are already being done voluntarily in the private sector. This would simply grow the government through more bureaucracy and stifle economic growth by raising the cost of doing business. On the motion of "Ought to Pass with Amendment", the New Hampshire House passed this bill, 197-127, on March 11, 2020.

SB 124

HIGHER RENEWABLE ENERGY STANDARDS (CFGF OPPOSES)

This bill increases the required minimum percentages for different kinds of renewable energy for the state's electric renewable portfolio standards through the year 2040. This is a huge transfer of wealth from ratepayers to politically-connected energy companies who are now able to force new kinds of energy use on the public. On the motion of "Ought to Pass with Amendment", the New Hampshire House passed this bill, 214-141, on January 9, 2020. The New Hampshire Senate passed it, 14-10, on June 29, 2020.
