# New Hampshire State Economic Scorecard

See how Members of the New Hampshire General Court are voting on economic growth issues.

Club for Growth Foundation is a 501(c)(3) non-profit organization focused on educating the public about the value of free markets, pro-growth policies, and economic prosperity.

State Scorecards are created by the Club for Growth Foundation to educate the public about the voting records of the legislators who serve in state legislatures. This is part of a larger scorecard project that the Club for Growth Foundation has created to educate the public about the economic positions taken by legislators in states across the country.

# Our Mission

THE FOUNDATION EDUCATES THE PUBLIC ABOUT PRO-GROWTH POLICIES.

THE FOUNDATION CONDUCTS COMPREHENSIVE EXAMINATIONS OF VOTING RECORDS.

THE FOUNDATION'S GOAL IS TO INFORM THE PUBLIC AND BRING AWARENESS TO LAWMAKERS.

# Methodology | New Hampshire 2022

Club for Growth Foundation publishes the scorecard study so the public can monitor the actions and the voting behavior of New Hampshire's elected state lawmakers on economic growth issues.

The Foundation conducted a comprehensive examination of each lawmaker's record on votes related to pro-growth policies and computed an Economic Growth Score on a scale of 0 to 100. A score of 100 indicates the highest support for pro-growth policies.

**The Foundation examines legislative votes related to the Club's immediate pro-economic growth policy goals, including:**

- Reducing or eliminating tax rates and enacting tax reform
- Limited government through limited spending and budget reform
- Regulatory reform and deregulation
- Ending abusive lawsuits through medical malpractice and tort reform
- Expanding school choice
- Implementing term limits

Not all of these policy goals will come up for a vote in each legislative session.

The Foundation also examines votes on bills that would directly harm these goals.

This scorecard is based on selected votes of importance to the Foundation, and does not include the complete voting record of any legislator. There are inherent limitations in judging the overall qualifications of any legislator based on a selected voting record, and the Foundation does not endorse or oppose any legislator for public office.

## LEGISLATIVE ACTIONS CONSIDERED IN NEW HAMPSHIRE IN 2022

The Foundation’s study examined over 400 floor votes and, in the end, included 16 New Hampshire House votes and 11 New Hampshire Senate votes.

### COMPUTATION

Scores are computed on a scale of 0 to 100. Each vote or action in the rating is assigned a certain number of points depending on its relative importance. If a lawmaker casts a correct vote, the scorecard will denote it with that number. If a lawmaker casts an incorrect vote, the scorecard will denote that vote with a hyphen (-). Absences are not counted – signified as an “X” on the scorecard – though the Foundation reserves the right to do so if, in its judgment, a lawmaker’s position was otherwise discernible. If a lawmaker was not officially sworn into office at the time of a vote, the scorecard will denote that vote with an “I”.

To provide some additional guidance concerning the scores, each lawmaker was ranked. Aside from ties, lawmakers with 0%

scores are, by default, ranked #400 in the House and #24 in the Senate if all lawmakers are present. Scores and ranks cannot be directly compared between the House and Senate, as different votes were taken in each chamber. If applicable, the study also records a “Lifetime Score” for each lawmaker. This is a simple average of the scores from 2022 and all previous years where the lawmaker earned a score.

In some cases, a lawmaker was not present for enough votes for a meaningful score or ranking to be computed. In such cases “n.a.” for “not applicable” appears. In computing lifetime scores, years with “n.a.” listed instead of a score are not included. Comparing such scores to other members without “n.a.” years may be misleading.

### ADDITIONAL FACTORS

A study of roll call votes on the floor of the New Hampshire House and New Hampshire Senate and legislative actions is just that. It cannot account for a lawmaker’s work in committee, advocacy in his party’s caucus meetings, and effectiveness as a leader in advocating pro-growth policies.

“Through the release of this series, the Club for Growth Foundation is looking at how state legislatures perform in terms of pro-growth policies. We believe that this scorecard will help inform citizens and entrepreneurs about who supports the policies that are good for economic prosperity.”

**- DAVID McINTOSH**

## HB 103

### NEW MEDICAID EXPANSION (CFGF OPPOSES)

This bill further expands New Hampshire's already costly Medicaid program. Specifically, the legislation requires the Department of Health and Human Services to contract with managed care organizations and extend dental benefits to all Medicaid recipients 21 years and older. The estimated cost through FY 2025 is \$15.5 million in state appropriations and outlays with another \$35 million in estimated federal spending. Medicaid is known for its high costs that devour state budgets, poor health outcomes, and low quality of care. The New Hampshire House passed the bill, 246-105, on May 26, 2022. The New Hampshire Senate passed it, 23-0, on May 5, 2022.

## HB 1417

### TABLING MASSIVE TAXPAYER-FUNDED PENSION BOONDOGGLE (CFGF SUPPORTS)

This bill requires New Hampshire taxpayers to increase funding for pensions associated with specific government workers. Specifically, the legislation requires the state to pay 7.5 percent of the costs incurred by municipalities to fund retirement pensions for teachers, firefighters, and police officers. The state previously paid zero percent. The estimated cost to taxpayers of the new pension plan is a combined \$56 million in FY 2024 and FY 2025 with near-certain spending increases in the future. The New Hampshire House passed the bill, 186-159, on March 31, 2022. The New Hampshire Senate tabled the bill, 14-10, on April 28, 2022. A vote in the affirmative is to block the taxpayer-funded pensions.

## HB 1587

### GOVERNMENT WORKER PENSION INCREASE (CFGF OPPOSES)

This bill modifies the pension formula for Group II government worker retirees. Specifically, the legislation alters the average final compensation for government employees who commenced service on or after July 1, 2011, by including the highest five years of the retiree's service. The cost of this pension adjustment to taxpayers is estimated at \$43 million for FY 2023 with guaranteed future spending increases through at least FY 2026. The New Hampshire House passed the bill, 231-113, on February 17, 2022. The New Hampshire Senate passed it, 24-0, on May 5, 2022.

## New Hampshire 2022 | Senate Vote Descriptions

### SB 203

#### BLOCKING ANTI-SMALL BUSINESS MINIMUM WAGE HIKE

##### (CFGF SUPPORTS)

This bill increases the state minimum wage by 50 percent. Specifically, the legislation ratchets up the minimum wage from \$10 per hour to \$15 per hour by 2024. Empirical data has been consistently clear that minimum wage increases result in fewer jobs and place onerous constraints on small businesses through diminished profit margins due to sudden increases in mandatory hourly wages. These costs are then passed on to consumers. The New Hampshire Senate blocked the bill, 13-10, on February 24, 2022. The New Hampshire House did not take it up. A vote in the affirmative was a vote to block the minimum wage increase.

### SB 226

#### TABLING GOVERNMENT WORKER RECRUITMENT PROGRAM

##### (CFGF SUPPORTS)

This bill creates a new government worker recruitment and retention program. Specifically,

the legislation authorizes the Department of Administrative Services to craft a taxpayer-funded subsidy program designed to retain or increase taxpayer-funded workers. The bill is open-ended with regard to total costs and scope. Additionally, the legislation includes \$1,000 referral bonuses for current state employees who recruit new government workers and a one-time \$2,000 bonus for full-time workers who continue to remain employed with the state government. The New Hampshire Senate tabled the bill, 12-10, on March 24, 2022. The New Hampshire House did not take it up. A vote in the affirmative was to block the subsidy program.

### SB 274

#### BLOCKING PRO-WORKER LABOR AGREEMENTS

##### (CFGF OPPOSES)

This bill ensures that construction projects are an open bid process. Specifically, the legislation prohibits government infrastructure and construction projects from requiring labor affiliation or other labor-imposed wage and benefit criteria from serving as eligibility

requirements for contractors. Over 90 percent of New Hampshire construction workers choose not to affiliate with labor unions. The bill requires the state government to remain neutral in favor of privately negotiated agreements instead of cost-driving, crony project labor agreements. The New Hampshire House blocked the bill, 177-154, on May 4, 2022. The New Hampshire Senate passed it, 13-11, on February 3, 2022. A vote in opposition to this bill was a vote in support of pro-worker labor agreements.

### SB 417

#### BLOCKING ELECTRIC SCHOOL BUS PROGRAM

##### (CFGF SUPPORTS)

This bill creates an electric school bus pilot program within the Department of Environmental Services. Specifically, the legislation includes an estimate showing that five such school buses plus the associated charging infrastructure would cost between \$1 million and \$1.4 million. The average annual cost of a traditional school bus is \$35,000. Further, the total amount that the program

will cost taxpayers remains indeterminable due to both unknown appropriations and potential expansions of the program. The New Hampshire Senate failed to block the bill, 4-20, on March 31, 2022. The New Hampshire House did not take it up. A vote in the affirmative was a vote to block the electric school bus program.

### SB 426

#### BLOCKING EDUCATION GRANT SPENDING SUPPLEMENTAL

##### (CFGF SUPPORTS)

This bill implements a funding formula change for adequate education grants. Specifically, the legislation requires the commissioner of education to use the highest of the daily average membership in residence for 2020, 2021, and 2022 school years to determine grant allocations for FY 2023. This change results in \$30.4 million in new costs to taxpayers for the education grant program. The New Hampshire Senate blocked the bill, 13-9, on March 24, 2022. The New Hampshire House did not take it up. A vote in the affirmative was a vote to block the supplemental spending.

### SB 432

#### BLOCKING SCHOOL CHOICE REPEAL (CFGF SUPPORTS)

This bill repeals New Hampshire's Education Freedom accounts. Specifically, the legislation eliminates the statutory authorization for the Education Freedom account program which allows households at or below 300 percent of the federal poverty level to apply for school choice funding equivalent to the state's \$4,600 per pupil allocation. These accounts may be used for various educational expenses at any eligible K-12 school, empowering parents and focusing on achieving better student outcomes. The New Hampshire Senate blocked the bill, 14-9, on February 16, 2022. The New Hampshire House did not take it up. A vote in the affirmative was a vote to block the repeal of school choice in NH. A vote in the affirmative was a vote to block the repeal of school choice in NH.

### SB 437

#### BLOCKING MUNICIPAL TRANSPORTATION FEE INCREASE

##### (CFGF SUPPORTS)

This bill implements a new maximum fee for municipalities to charge for transportation projects. Specifically, the legislation increases the existing \$5 fee by 300 percent for a new maximum of \$15. This legislation is little more than a statewide tax increase on hardworking families and households to benefit niche special interests. The New Hampshire Senate blocked the bill, 14-10, on March 17, 2022. The New Hampshire House did not take it up. A vote in the affirmative was a vote to block the fee increase.

### SB 453

#### BLOCKING MASSIVE PRE-K GOVERNMENT TAKEOVER

##### (CFGF SUPPORTS)

This bill crafts a new statewide government pre-K mandate for every school district. Specifically, the legislation provides new construction grants

to cover up to 100 percent of the design and construction cost for new government-run pre-K programs. Additionally, the bill allows an alternative Pre-K program, but imposes strict guidelines for school districts that do not wish to conform to the traditional government program. Adequate funding grants for Pre-K are set at 50 percent of the current per-pupil allocation. Importantly, the total cost to taxpayers from this new program remains indeterminable. The New Hampshire Senate blocked the bill, 13-9, on March 24, 2022. The New Hampshire House did not take it up. A vote in the affirmative was a vote to block the pre-K government takeover.

# New Hampshire 2022 | House Vote Descriptions

## CACR 14

### BLOCKING PRO-UNION CONSTITUTIONAL AMENDMENT

#### (CFGF SUPPORTS)

This resolution proposes an amendment to the New Hampshire Constitution that expands unionization. Specifically, this amendment would expand unionization to all workers in the state of New Hampshire through constitutional fiat, making unionization efforts all the more challenging to defeat and further entrenching a corrupt system that too often puts the financial and political interests of union bosses ahead of the rights of workers. The New Hampshire House blocked the resolution, 182-159, on March 10, 2022. The New Hampshire Senate did not take it up. A vote in the affirmative was a vote to block this constitutional amendment.

## HB 103

### NEW MEDICAID EXPANSION

#### (CFGF OPPOSES)

This bill further expands New Hampshire's already costly Medicaid program. Specifically, the legislation requires the Department of Health and Human Services to contract with managed care organizations and extend dental benefits to all Medicaid recipients 21 years and older. The estimated cost through FY 2025 is \$15.5 million in state appropriations and outlays with another \$35 million in estimated federal spending. Medicaid is known for its high costs that devour state budgets, poor health outcomes, and low quality of care. The New Hampshire House passed the bill, 246-105, on May 26, 2022. The New Hampshire Senate passed it, 23-0, on May 5, 2022.

## HB 172

### REVIVING GREEN NEW DEAL

#### BOONDOGGLE

#### (CFGF OPPOSES)

This bill adopts a catastrophic Green New Deal economic plan to achieve net zero greenhouse gas emissions. Specifically, the legislation calls for reaching net zero by 2050 through the implementation of renewable energy mandates and instructs all state agencies to incorporate this goal into their rulemaking process. New Hampshire has the second-highest residential retail electricity costs in the nation. Fossil fuels and nuclear energy constitute 84 percent of New Hampshire's total power generation with green renewables comprising just 16 percent of all power generation. This proposal would further accelerate electricity costs, decimate jobs, and impose significant hardships on hardworking New Hampshire families. The New Hampshire House prevented the bill from coming to the floor, 152-181, on April 21, 2022. The New Hampshire Senate did not take it up.

## New Hampshire 2022 | House Vote Descriptions

### HB 1165

#### REPEALING COSTLY PAID LEAVE PROGRAM

##### (CFGF SUPPORTS)

This bill repeals the Sununu paid family leave program. Specifically, the legislation repeals the statutory authorization for the family medical leave insurance program which was added as a last-minute compromise in the previous session. The program creates a government-subsidized insurance plan that would allow private-sector employers to opt into a paid leave program buttressed by New Hampshire's 10,000 government employees. The program is little more than an entitlement program for government workers that will explode in cost and burden hardworking families and taxpayers. The New Hampshire House passed the bill, 172-164, on March 17, 2022. The New Hampshire Senate did not take it up.

### HB 1298

#### EXPANDED SCHOOL CHOICE TAX CREDIT

##### (CFGF SUPPORTS)

This bill increases the eligibility threshold

for households for the education tax credit. Specifically, the legislation increases household eligibility from 300 percent of the federal poverty level to 500 percent, expanding access to the state's school choice scholarship program for families with household income up to \$138,000. The program is primarily funded through business donations which then receive a credit on their business taxes. The New Hampshire House passed the bill, 159-152, on March 15, 2022. The New Hampshire Senate killed the legislation through unanimous consent.

### HB 1337

#### SIGNIFICANT UNEMPLOYMENT INSURANCE REFORM

##### (CFGF SUPPORTS)

This bill implements substantial structural reforms to the state's unemployment insurance program. Specifically, the legislation reduces the maximum number of weeks from 26 down to 16 weeks if the state's unemployment rate is below 3 percent. The number of weeks increases by one for every half percentage point increase in the unemployment rate up to the previous maximum

of 26 weeks if state unemployment is higher than 8 percent. This reform ensures healthier labor force participation while preventing a safety net from serving as a benefit hammock. The New Hampshire House passed the bill, 179-153, on March 17, 2022. The New Hampshire Senate did not take it up.

### HB 1342

#### OVERRIDING LOCAL TAX CAP

##### (CFGF OPPOSES)

This bill would increase municipal taxes across the entire state of New Hampshire. Specifically, this legislation modifies municipal charters that have adopted tax caps by creating an override trigger that would override the tax cap with a two-thirds vote by the governing body of the town or city charter. At a time of record inflation and skyrocketing costs, this measure circumvents existing safeguards for taxpayers to further burden hardworking families and households. The New Hampshire House did not pass the bill, 157-181, on March 17, 2022. The New Hampshire Senate did not take it up.

### HB 1417

#### MASSIVE TAXPAYER-FUNDED PENSION BOONDOGGLE (CFGF OPPOSES)

This bill requires New Hampshire taxpayers to increase funding for pensions associated with specific government workers. Specifically, the legislation requires the state to pay 7.5 percent of the costs incurred by municipalities to fund retirement pensions for teachers, firefighters, and police officers. The state previously paid zero percent. The estimated cost to taxpayers of the new pension plan is a combined \$56 million in FY 2024 and FY 2025 with near-certain spending increases in the future. The New Hampshire House passed the bill, 186-159, on March 31, 2022. The New Hampshire Senate tabled the bill, 14-10, on April 28, 2022.

### HB 1432

#### DEFUNDING CRONY RAIL PROJECT (CFGF SUPPORTS)

This bill defunds the Nashua to Concord Capitol Corridor commuter rail boondoggle. Specifically, the legislation prohibits state

taxpayer funding for the project through 2028 without a specific legislative appropriation. The cost estimate for the Capitol Corridor commuter rail is nearly \$800 million with taxpayers also bearing the brunt of the guaranteed future subsidies required to keep the rail profitable. The New Hampshire House passed the bill, 187-144, on March 17, 2022. The New Hampshire Senate did not take it up.

### HB 1587

#### GOVERNMENT WORKER PENSION INCREASE (CFGF OPPOSES)

This bill modifies the pension formula for Group II government worker retirees. Specifically, the legislation alters the average final compensation for government employees who commenced service on or after July 1, 2011, by including the highest five years of the retiree's service. The cost of this pension adjustment to taxpayers is estimated at \$43 million for FY 2023 with guaranteed future spending increases through at least FY 2026. The New Hampshire House passed the bill, 231-113, on February 17, 2022.

The New Hampshire Senate passed it, 24-0, on May 5, 2022.

### HB 1657

#### BLOCKING TAXPAYER-FUNDED FOOD REIMBURSEMENT PROGRAM (CFGF SUPPORTS)

This bill requires taxpayers to reimburse school districts for purchasing food from New Hampshire producers. Specifically, the legislation reimburses school districts up to 33 percent of their costs for purchasing produce and dairy food from New Hampshire producers with an estimated total annual cost of \$1.8 million. While presumably well-intentioned, this program creates taxpayer subsidies for a handful of well-connected agribusiness special interests. The New Hampshire House blocked this bill, 186-164, on February 16, 2022. The New Hampshire Senate did not take it up. A vote in the affirmative was a vote to block this legislation.

## New Hampshire 2022 | House Vote Descriptions

### HB 1683

#### BLOCKING SCHOOL CHOICE REPEAL

##### (CFGF SUPPORTS)

This bill repeals New Hampshire's Education Freedom accounts. Specifically, the legislation eliminates the statutory authorization for the Education Freedom account program which allows households at or below 300 percent of the federal poverty level to apply for school choice funding equivalent to the state's \$4,600 per pupil allocation. These accounts may be used for various educational expenses at any eligible K-12 school, empowering parents and focusing on achieving better student outcomes. The New Hampshire House blocked the bill, 189-166, on March 16, 2022. The New Hampshire Senate did not take it up. A vote in the affirmative was a vote to block this legislation to repeal school choice.

### HR 17

#### RESOLUTION OPPOSING FEDERAL CARBON TAX

##### (CFGF SUPPORTS)

This resolution declares that New Hampshire

opposes a federal carbon tax. Specifically, the resolution opposes any federal or state efforts to impose a carbon tax on fuel for electricity or transportation. At a time of record inflation, a carbon tax would further fuel high costs and pain on already overburdened households and working families. Such destructive policies should be uniformly rejected. The New Hampshire House passed the resolution, 178-159, on March 31, 2022. The New Hampshire Senate did not take it up.

### SB 274

#### BLOCKING PRO-WORKER LABOR AGREEMENTS

##### (CFGF OPPOSES)

This bill ensures that construction projects are an open bid process. Specifically, the legislation prohibits government infrastructure and construction projects from requiring labor affiliation or other labor-imposed wage and benefit criteria from serving as eligibility requirements for contractors. Over 90 percent of New Hampshire construction workers choose not to affiliate with labor unions. The bill requires

the state government to remain neutral in favor of privately negotiated agreements instead of cost-driving, crony project labor agreements. The New Hampshire House blocked the bill, 177-154, on May 4, 2022. The New Hampshire Senate passed it, 13-11, on February 3, 2022. A vote in opposition to this bill was a vote in support of pro-worker labor agreements.

### SB 326

#### BLOCKING EARLY CHILDHOOD GOVERNMENT AGENCY

##### (CFGF SUPPORTS)

This bill authorizes the creation of a Department of Early Childhood Education. Specifically, the legislation instructs the commissioner of the Department of Health and Human Services to develop a plan to create the new government agency. Analysis of the legislation is indeterminate with regard to total cost and appropriations. Over 2 million parents have moved their children out of failing government schools in the past two years. Instead of further entrenching the government in the education of children, lawmakers should be freeing parents

and students from corrupt bureaucratic elites. The New Hampshire House blocked the bill, 178-151, on May 4, 2022. The New Hampshire Senate did not take it up. A vote in the affirmative was a vote to block the creation of the new government agency.

### SB 404

#### EXPANDING STATE FOOD STAMP PROGRAM

#### (CFGF OPPOSES)

This bill requires the Department of Health and Human Services to create a new outreach program to expand food stamp recipients. Specifically, the legislation requires private or federal funds to cover the cost of the new program which is aimed at enrolling thousands more households in government assistance. Lawmakers should be focused on transforming welfare safety nets into trampolines that propel individuals and households back into the workforce instead of seeking to expand

the reach and cost of programs funded by hardworking taxpayers. The New Hampshire House passed the bill, 226-76, on May 4, 2022. The New Hampshire Senate did not take it up.
