# Georgia State Legislative Scorecard

See how Members of Georgia's General Assembly  
are voting on economic growth issues.

Club for Growth Foundation is a 501(c)(3) non-profit organization focused on educating the public about the value of free markets, pro-growth policies, and economic prosperity.

State Scorecards are created by the Club for Growth Foundation to educate the public about the voting records of the legislators who serve in state legislatures. This is part of a larger scorecard project that the Club for Growth Foundation has created to educate the public about the economic positions taken by legislators in states across the country.

# Our Mission

THE FOUNDATION  
EDUCATES THE  
PUBLIC ABOUT PRO-  
GROWTH POLICIES.

THE FOUNDATION  
CONDUCTS  
COMPREHENSIVE  
EXAMINATIONS OF  
VOTING RECORDS.

THE FOUNDATION'S  
GOAL IS TO INFORM  
THE PUBLIC AND  
BRING AWARENESS  
TO LAWMAKERS.

# Methodology | Georgia 2022

Club for Growth Foundation publishes the scorecard study so the public can monitor the actions and the voting behavior of Georgia’s elected state lawmakers on economic growth issues.

The Foundation conducted a comprehensive examination of each lawmaker’s record on votes related to pro-growth policies and computed an Economic Growth Score on a scale of 0 to 100. A score of 100 indicates the highest support for pro-growth policies.

**The Foundation examines legislative votes related to the Club’s immediate pro-economic growth policy goals, including:**

- Reducing or eliminating tax rates and enacting tax reform
- Limiting government through limited spending and budget reform
- Regulatory reform and deregulation
- Ending abusive lawsuits through medical malpractice and tort reform
- Expanding school choice
- Implementing Term Limits

Not all of these policy goals will come up for a vote in each legislative session.

The Foundation also examines votes on bills that would directly harm these goals.

This scorecard is based on selected votes of importance to the Foundation and does not include the complete voting record of any legislator. There are inherent limitations in judging the overall qualifications of any legislator based on a selected voting record, and the Foundation does not endorse or oppose any legislator for public office.

## 2022 LEGISLATIVE ACTIONS CONSIDERED IN GEORGIA

The Foundation’s study examined over 1,600 floor votes and, in the end, included 16 Georgia House votes and 15 Georgia Senate votes.

### COMPUTATION

Scores are computed on a scale of 0 to 100. Each vote or action in the rating is assigned a certain number of points depending on its relative importance. If a lawmaker casts a correct vote, the scorecard will denote it with that number. If a lawmaker casts an incorrect vote, the scorecard will denote that vote with a hyphen (-). Absences are not counted – signified as an “X” on the scorecard – though the Foundation reserves the right to do so if, in its judgment, a lawmaker’s position was otherwise discernible. If a lawmaker was not officially sworn into office at the time of a vote, the scorecard will denote that vote with an “I”.

To provide some additional guidance concerning the scores, each lawmaker was ranked. Aside from ties, lawmakers with 0% scores are, by default, ranked #180 in the

House and #56 in the Senate if all lawmakers are present. Scores and ranks cannot be directly compared between the House and Senate, as different votes were taken in each chamber. If applicable, the study also records a “Lifetime Score” for each lawmaker. This is a simple average of the scores from 2022 and all previous years where the lawmaker earned a score.

In some cases, a lawmaker was not present for enough votes for a meaningful score or ranking to be computed. In such cases “n.a.” for “not applicable” appears. In computing lifetime scores, years with “n.a.” listed instead of a score are not included. Comparing such scores to other members without “n.a.” years may be misleading.

### ADDITIONAL FACTORS

A study of roll call votes on the floor of the Georgia House and Georgia Senate and legislative actions is just that. It cannot account for a lawmaker’s work in committee, advocacy in his party’s caucus meetings, and effectiveness as a leader in advocating pro-growth policies.

“Through the release of this series, the Club for Growth Foundation is looking at how state legislatures perform in terms of pro-growth policies. We believe that this scorecard will help inform citizens and entrepreneurs about who supports the policies that are good for economic prosperity.”

# Georgia 2022 | Senate Vote Descriptions

## HB 1

### FREE SPEECH PROTECTION ON COLLEGE CAMPUSES

#### (CFGF SUPPORTS)

This bill prohibits so-called “free speech zones” on college campuses throughout Georgia. These zones serve as little more than censorship mechanisms to confine debate and discussion to specific locations to isolate and deter free expression. Additionally, the legislation creates a right of action for students against the university if their fundamental constitutional rights are violated and waives state immunity from civil action. Free speech is essential for both a free society and free markets to thrive. The Georgia House passed the bill, 93-62, on March 4, 2022. The Georgia Senate passed it, 33-18, on April 4, 2022.

## HB 824

### RETIREMENT INCREASE FOR STATE LEGISLATORS

#### (CFGF OPPOSES)

This bill provides for an increase in retirement

benefits for state legislators. Specifically, the legislation requires each member to contribute \$165 each month with the presiding officer contributing \$660 each month made through payroll deductions. However, beginning January 1, 2022, the bill also provides new legislators with a \$50 per month retirement stipend on top of \$200 per month for each year of presiding service. Hardworking Georgians are already funding exorbitant state and federal programs and are suffering from historic inflation. They should not have their money pilfered to fund additional retirement benefits for politicians. The Georgia House passed the bill, 151-17, on March 15, 2022. The Georgia Senate passed it, 43-9, on April 5, 2022.

## HB 911

### BUDGET BUSTING APPROPRIATIONS PACKAGE

#### (CFGF OPPOSES)

This bill appropriates a staggering amount of taxpayer dollars to myriad state programs. Specifically, the legislation spends \$30.2

billion for the FY2023 fiscal year, a whopping 11 percent increase over state spending in FY2022. Furthermore, the package includes \$5,000 pay raises for state employees and \$2,000 across-the-board pay raises for certified teachers as well as \$30 million in new and expanded Medicaid programs. As Georgians face skyrocketing energy costs, record inflation, and economic hardships stemming from harmful federal policies, state lawmakers should not impose additional burdens on taxpayers and employers. The Georgia House passed the bill, 155-3, on March 11, 2022. The Georgia Senate passed it, 56-0, on March 25, 2022.

## HB 1013

### WOKE MENTAL HEALTH MANDATE AND LOAN PROGRAM

#### (CFGF OPPOSES)

This bill implements new mandates on state health care entities requiring them to cover mental health and substance use disorders in accordance with the latest guidelines, including the DSM-5 criteria. This means that Georgia

ABOUT THE FOUNDATION

## Georgia 2022 | Senate Vote Descriptions

taxpayers will finance Medicaid coverage for gender reassignment surgeries. Additionally, the bill imposes new reporting requirements, expands a loan forgiveness program for mental health professionals, and creates a new taxpayer-funded grant program for outpatient treatment. The total cost of the legislation will amount to at least \$30 million in new spending each year. The Georgia House passed the bill, 169-3, on March 8, 2022. The Georgia Senate passed it, 54-0, on March 30, 2022.

### HB 1034

#### TAX CARVEOUT FOR WORLD CUP SOCCER (CFGF OPPOSES)

This bill expands an existing tax carveout for non-recurring major sporting events. Specifically, the bill amends the existing sales and use tax carveout to include FIFA World Cup soccer matches played in the state of Georgia. While such policy seeks to incentivize economic activity, it serves as little more than special tax treatment for government-preferred industries that benefit the well-connected. The Georgia House passed the bill, 155-15, on March 15, 2022. The Georgia Senate passed it, 48-6, on March 30, 2022.

### HB 1175

#### GOVERNMENT-CONTROLLED RAW MILK DISTRIBUTION (CFGF OPPOSES)

This bill provides for the sale and distribution of unpasteurized raw milk to consumers. Unfortunately, the legislation goes far beyond merely legalizing the sale of raw milk and enacts a burdensome licensing and regulatory apparatus overseen by the Commissioner of Agriculture that is likely to prove too costly for many smaller farms in Georgia as well as potential consumers. Additionally, the bill requires dairy farmers to include a warning label on the possible health consequences of consuming raw milk and subjects dairy operations to increased inspections by the state. The Georgia House passed the bill, 100-62, on March 3, 2022. The Georgia Senate passed it, 42-10, on April 1, 2022.

### HB 1178

#### PARENTAL BILL OF RIGHTS (CFGF SUPPORTS)

This bill establishes a parents' bill of rights in regard to education in Georgia. Specifically, the legislation guarantees parents and guardians the

right to homeschool under state law as well as enroll children in alternative schools. Additionally, the bill allows parents to review all material being taught in the classroom, opt children out of sex education, and expands access for parents to information and curricula provided by schools to students. Over 2 million children have moved out of failing government schools in the past two years due to harmful COVID mandates and radical ideologies like Critical Race Theory being taught in the classroom. Efforts such as the parental bill of rights increase parental choice and parental oversight of their children's education enabling parents to make the best educational decisions for their children. The Georgia House passed the bill, 98-68, on March 4, 2022. The Georgia Senate passed it, 31-22, on April 1, 2022.

### HB 1435

#### HIGHER EDUCATION SUBSIDY EXPANSION (CFGF OPPOSES)

This bill expands an existing taxpayer-funded grant program to subsidize the tuition of select students attending college. The legislation creates a \$2,500 maximum grant amount to

be distributed to eligible students who qualify for financial aid through the Georgia Student Finance Commission. The initial cost funding is estimated at \$10 million, but is subject to future appropriations. Taxpayers are already on the hook for over \$1.6 trillion in student loan debt and will face higher taxes through loan forgiveness efforts. Programs that further expand taxpayer subsidies on the front end unduly burden hardworking, blue-collar Georgians who did not attend college to bankroll those who do. The Georgia House passed the bill, 171-3, on March 15, 2022. The Georgia Senate passed it, 53-1, on April 4, 2022.

### HB 1437

#### SIGNIFICANT STATE INCOME TAX OVERHAUL (CFGF SUPPORTS)

This bill enacts a substantial overhaul of Georgia's progressive state income tax. Specifically, the legislation eliminates the existing progressive tax structure and implements a flat personal income tax rate of 5.49 percent beginning in 2024 and then slowly ratchets the overall rate down to 4.99 percent by 2029. Furthermore, the bill combines the existing personal exemption and standard deduction into a larger overall

personal exemption for both taxpayers filing single or jointly. Eliminating progressive taxation and simplifying deductions is sound policy at all times, including times such as these when hardworking Georgians face increasing burdens from historic inflation and price increases. The Georgia House passed the bill, 115-52, on March 9, 2022. The Georgia Senate passed it, 41-13, on April 4, 2022.

### HB 1443

#### FOOD TRUCK LICENSING RECIPROCITY (CFGF SUPPORTS)

This bill implements licensing reciprocity for food truck operators and vendors throughout the state of Georgia. Specifically, the legislation ensures that any food truck operation that has been licensed or permitted in a Georgia county must also be recognized by every other county in the state. This is promising deregulation that removes barriers and empowers businesses and mobile food operations to expand their operations throughout the state. The Georgia House passed the bill, 171-0, on March 15, 2022. The Georgia Senate passed it, 49-0, on March 30, 2022.

### SB 331

#### PROTECTING SMALL BUSINESSES FROM MUNICIPAL MANDATES (CFGF SUPPORTS)

This bill implements protections for small businesses from local and municipal mandates intended to restrict or control business activity. Specifically, the legislation prevents local authorities from determining the number of hours employees have to work at businesses in their jurisdiction. Additionally, the bill prohibits local governments from interfering with employer scheduling or seeking to regulate employee output. The Georgia House passed the bill, 99-67, on March 22, 2022. The Georgia Senate passed it, 31-21, on February 17, 2022.

### SB 332

#### ONLINE RETAILERS REGULATORY SCHEME (CFGF OPPOSES)

This bill imposes stringent regulations on third-party sellers operating in online marketplaces and platforms. Specifically, the legislation requires individuals or entities routinely selling high volumes of products, defined as 200 items per year at more than \$5,000 in total sales, to

ABOUT THE FOUNDATION

## Georgia 2022 | Senate Vote Descriptions

provide contact and taxation information to the online marketplace. Furthermore, the bill requires online marketplaces to monitor high-volume third-party sellers, extract their personal and business identification, and restrict their ability to sell if they do not comply with new regulations. This legislation inflicts needlessly burdensome government mandates on private companies and entrepreneurs alike. The Georgia House passed the bill, 155-4, on March 28, 2022. The Georgia Senate passed it, 51-0, on March 30, 2022.

### SB 345

#### PROHIBITION ON VACCINE PASSPORTS

**(CFGF SUPPORTS)**

This bill preempts both local governments and state agencies from imposing vaccine passports. Specifically, the legislation bans state agencies and government entities from requiring proof of COVID-19 vaccination as a condition for entering facilities, providing services, issuing licenses, or engaging in otherwise regular activity. Onerous government mandates during the pandemic, often unaligned with empirical data, have caused significant harm to public health, small businesses,

and the rights of citizens. The Georgia House passed the bill, 99-67, on March 29, 2022. The Georgia Senate passed it, 34-20, on April 4, 2022.

### SB 537

#### OUTSOURCING FOOD STAMP EXPANSION

**(CFGF OPPOSES)**

This bill creates a new advisory council in the Department of Agriculture to make recommendations on dealing with food insecurity. Specifically, the legislation empowers the council to make proposals on expanding food stamps through farmers' markets and expanding tax credits to government-preferred businesses and grocery chains in preapproved regions of the state. This effectively outsources the legislative process to state agencies, undermining the very purpose of the legislature. Furthermore, lawmakers should not attempt to centrally plan food delivery and consumption through the expansion of costly and inefficient programs. The Georgia Senate passed the bill, 51-0, on March 15, 2022. The Georgia House did not take it up.

### HR 842

#### PERMANENT SALARY INCREASE FOR STATE LEGISLATORS

**(CFGF OPPOSES)**

This resolution authorizes a referendum to amend the Georgia Constitution to permanently lock in salary increases for state legislators. Specifically, the referendum would provide for annual salaries equal to 50 percent of the median statewide household income beginning July 1, 2023. Given the historical trend of increasing median household income, this resolution all but ensures a constant taxpayer-provided salary increase for politicians with no ability for taxpayers or legislators to alter in the future short of a new amendment to the state constitution. The Georgia House passed the resolution, 136-33, on March 15, 2022. The Georgia Senate passed it, 35-19, on April 4, 2022.

# Georgia 2022 | House Vote Descriptions

## HB 1

### FREE SPEECH PROTECTION ON COLLEGE CAMPUSES (CFGF SUPPORTS)

This bill prohibits so-called “free speech zones” on college campuses throughout Georgia. These zones serve as little more than censorship mechanisms to confine debate and discussion to specific locations to isolate and deter free expression. Additionally, the legislation creates a right of action for students against the university if their fundamental constitutional rights are violated and waives state immunity from civil action. Free speech is essential for both a free society and free markets to thrive. The Georgia House passed the bill, 93-62, on March 4, 2022. The Georgia Senate passed it, 33-18, on April 4, 2022.

## HB 824

### RETIREMENT INCREASE FOR STATE LEGISLATORS (CFGF OPPOSES)

This bill provides for an increase in retirement

benefits for state legislators. Specifically, the legislation requires each member to contribute \$165 each month with the presiding officer contributing \$660 each month made through payroll deductions. However, beginning January 1, 2022, the bill also provides new legislators with a \$50 per month retirement stipend on top of \$200 per month for each year of presiding service. Hardworking Georgians are already funding exorbitant state and federal programs and are suffering from historic inflation. They should not have their money pilfered to fund additional retirement benefits for politicians. The Georgia House passed the bill, 151-17, on March 15, 2022. The Georgia Senate passed it, 43-9, on April 5, 2022.

## HB 911

### BUDGET BUSTING APPROPRIATIONS PACKAGE (CFGF OPPOSES)

This bill appropriates a staggering amount of taxpayer dollars to myriad state programs. Specifically, the legislation spends \$30.2 billion

for the FY2023 fiscal year, a whopping 11 percent increase over state spending in FY2022. Furthermore, the package includes \$5,000 pay raises for state employees and \$2,000 across-the-board pay raises for certified teachers as well as \$30 million in new and expanded Medicaid programs. As Georgians face skyrocketing energy costs, record inflation, and economic hardships stemming from harmful federal policies, state lawmakers should not impose additional burdens on taxpayers and employers. The Georgia House passed the bill, 155-3, on March 11, 2022. The Georgia Senate passed it, 56-0, on March 25, 2022.

## HB 1013

### WOKE MENTAL HEALTH MANDATE AND LOAN PROGRAM (CFGF OPPOSES)

This bill implements new mandates on state health care entities requiring them to cover mental health and substance use disorders in accordance with the latest guidelines, including the DSM-5 criteria. This means that Georgia

## Georgia 2022 | House Vote Descriptions

taxpayers will finance Medicaid coverage for gender reassignment surgeries. Additionally, the bill imposes new reporting requirements, expands a loan forgiveness program for mental health professionals, and creates a new taxpayer-funded grant program for outpatient treatment. The total cost of the legislation will amount to at least \$30 million in new spending each year. The Georgia House passed the bill, 169-3, on March 8, 2022. The Georgia Senate passed it, 54-0, on March 30, 2022.

### HB 1034

#### TAX CARVEOUT FOR WORLD CUP SOCCER (CFGF OPPOSES)

This bill expands an existing tax carveout for non-recurring major sporting events. Specifically, the bill amends the existing sales and use tax carveout to include FIFA World Cup soccer matches played in the state of Georgia. While such policy seeks to incentivize economic activity, it serves as little more than special tax treatment for government-preferred industries that benefit the well-connected. The Georgia House passed the bill, 155-15, on March 15, 2022. The Georgia Senate passed it, 48-6, on March 30, 2022.

### HB 1043

#### CRONY EDUCATION CENTRAL PLANNING SCHEME

##### (CFGF OPPOSES)

This bill creates a new grant-distributing entity for the purpose of funneling money to the Technical College System of Georgia to support teachers in largely STEM-based fields. This central-planning scheme has no limits on how much taxpayer money can be allocated to it on an annual basis and is designed to operate in coordination with state “economic development” initiatives to reward specific government-approved industries. This type of cronyism benefits hand-picked professions at the expense of others. The Georgia House passed the bill, 157-4, on March 9, 2022. The Georgia Senate did not take it up.

### HB 1175

#### GOVERNMENT-CONTROLLED RAW MILK DISTRIBUTION

##### (CFGF OPPOSES)

This bill provides for the sale and distribution of unpasteurized raw milk to consumers. Unfortunately, the legislation goes far beyond

merely legalizing the sale of raw milk and enacts a burdensome licensing and regulatory apparatus overseen by the Commissioner of Agriculture that is likely to prove too costly for many smaller farms in Georgia as well as potential consumers. Additionally, the bill requires dairy farmers to include a warning label on the possible health consequences of consuming raw milk and subjects dairy operations to increased inspections by the state. The Georgia House passed the bill, 100-62, on March 3, 2022. The Georgia Senate passed it, 42-10, on April 1, 2022.

### HB 1178

#### PARENTAL BILL OF RIGHTS

##### (CFGF SUPPORTS)

This bill establishes a parents’ bill of rights in regard to education in Georgia. Specifically, the legislation guarantees parents and guardians the right to homeschool under state law as well as enroll children in alternative schools. Additionally, the bill allows parents to review all material being taught in the classroom, opt children out of sex education, and expands access for parents to information and curricula

provided by schools to students. Over 2 million children have moved out of failing government schools in the past two years due to harmful COVID mandates and radical ideologies like Critical Race Theory being taught in the classroom. Efforts such as the parental bill of rights increase parental choice and parental oversight of their children's education enabling parents to make the best educational decisions for their children. The Georgia House passed the bill, 98-68, on March 4, 2022. The Georgia Senate passed it, 31-22, on April 1, 2022.

### HB 1192

#### CONTINUED ATTEMPTS TO EXPAND MEDICAID (CFGF OPPOSES)

This bill expands Medicaid utilizing a Section 1115 waiver for the purpose of creating a pilot treatment program for low-income individuals suffering from HIV. Only 12 states have resisted expanding Medicaid under Obamacare and Georgia lawmakers continue to attempt gradual expansions of a program that costs on average 64 percent more per person with a total taxpayer-funded price tag in the tens of billions. Furthermore, Medicaid results in worse patient

outcomes and overall lower quality of care due to low provider participation. The Georgia House passed the bill, 136-14, on February 22, 2022. The Georgia Senate did not take it up.

### HB 1435

#### HIGHER EDUCATION SUBSIDY EXPANSION (CFGF OPPOSES)

This bill expands an existing taxpayer-funded grant program to subsidize the tuition of select students attending college. The legislation creates a \$2,500 maximum grant amount to be distributed to eligible students who qualify for financial aid through the Georgia Student Finance Commission. The initial cost funding is estimated at \$10 million, but is subject to future appropriations. Taxpayers are already on the hook for over \$1.6 trillion in student loan debt and will face higher taxes through loan forgiveness efforts. Programs that further expand taxpayer subsidies on the front end unduly burden hardworking, blue-collar Georgians who did not attend college to bankroll those who do. The Georgia House passed the bill, 171-3, on March 15, 2022. The Georgia Senate passed it, 53-1, on April 4, 2022.

### HB 1437

#### SIGNIFICANT STATE INCOME TAX OVERHAUL (CFGF SUPPORTS)

This bill enacts a substantial overhaul of Georgia's progressive state income tax. Specifically, the legislation eliminates the existing progressive tax structure and implements a flat personal income tax rate of 5.49 percent beginning in 2024 and then slowly ratchets the overall rate down to 4.99 percent by 2029. Furthermore, the bill combines the existing personal exemption and standard deduction into a larger overall personal exemption for both taxpayers filing single or jointly. Eliminating progressive taxation and simplifying deductions is sound policy at all times, including times such as these when hardworking Georgians face increasing burdens from historic inflation and price increases. The Georgia House passed the bill, 115-52, on March 9, 2022. The Georgia Senate passed it, 41-13, on April 4, 2022.

### HB 1443

#### FOOD TRUCK LICENSING RECIPROCITY (CFGF SUPPORTS)

This bill implements licensing reciprocity for food truck operators and vendors throughout

the state of Georgia. Specifically, the legislation ensures that any food truck operation that has been licensed or permitted in a Georgia county must also be recognized by every other county in the state. This is promising deregulation that removes barriers and empowers businesses and mobile food operations to expand their operations throughout the state. The Georgia House passed the bill, 171-0, on March 15, 2022. The Georgia Senate passed it, 49-0, on March 30, 2022.

### SB 331

#### PROTECTING SMALL BUSINESSES FROM MUNICIPAL MANDATES

(CFGF SUPPORTS)

This bill implements protections for small businesses from local and municipal mandates intended to restrict or control business activity. Specifically, the legislation prevents local authorities from determining the number of hours employees have to work at businesses in their jurisdiction. Additionally, the bill prohibits local governments from interfering with employer scheduling or seeking to regulate

employee output. The Georgia House passed the bill, 99-67, on March 22, 2022. The Georgia Senate passed it, 31-21, on February 17, 2022.

### SB 332

#### ONLINE RETAILERS REGULATORY SCHEME

(CFGF OPPOSES)

This bill imposes stringent regulations on third-party sellers operating in online marketplaces and platforms. Specifically, the legislation requires individuals or entities routinely selling high volumes of products, defined as 200 items per year at more than \$5,000 in total sales, to provide contact and taxation information to the online marketplace. Furthermore, the bill requires online marketplaces to monitor high-volume third-party sellers, extract their personal and business identification, and restrict their ability to sell if they do not comply with new regulations. This legislation inflicts needlessly burdensome government mandates on private companies and entrepreneurs alike. The Georgia House passed the bill, 155-4, on March 28, 2022. The Georgia Senate passed it, 51-0, on March 30, 2022.

### SB 345

#### PROHIBITION ON VACCINE PASSPORTS

(CFGF SUPPORTS)

This bill preempts both local governments and state agencies from imposing vaccine passports. Specifically, the legislation bans state agencies and government entities from requiring proof of COVID-19 vaccination as a condition for entering facilities, providing services, issuing licenses, or engaging in otherwise regular activity. Onerous government mandates during the pandemic, often unaligned with empirical data, have caused significant harm to public health, small businesses, and the rights of citizens. The Georgia House passed the bill, 99-67, on March 29, 2022. The Georgia Senate passed it, 34-20, on April 4, 2022.

### HR 842

#### PERMANENT SALARY INCREASE FOR STATE LEGISLATORS

(CFGF OPPOSES)

This resolution authorizes a referendum to amend the Georgia Constitution to permanently lock in salary increases for state legislators. Specifically,

## Georgia 2022 | House Vote Descriptions

the referendum would provide for annual salaries equal to 50 percent of the median statewide household income beginning July 1, 2023. Given the historical trend of increasing median household income, this resolution all but ensures a constant taxpayer-provided salary increase for politicians with no ability for taxpayers or legislators to alter in the future short of a new amendment to the state constitution. The Georgia House passed the resolution, 136-33, on March 15, 2022. The Georgia Senate passed it, 35-19, on April 4, 2022.
