

2023

Georgia State Legislative Scorecard

See how Members of Georgia's General Assembly
are voting on economic growth issues.

Club for Growth Foundation is a 501(c)(3) non-profit organization focused on educating the public about the value of free markets, pro-growth policies, and economic prosperity.

State Scorecards are created by the Club for Growth Foundation to educate the public about the voting records of the legislators who serve in state legislatures. This is part of a larger scorecard project that the Club for Growth Foundation has created to educate the public about the economic positions taken by legislators in states across the country.

Our Mission

THE FOUNDATION
EDUCATES THE
PUBLIC ABOUT PRO-
GROWTH POLICIES.

THE FOUNDATION
CONDUCTS
COMPREHENSIVE
EXAMINATIONS OF
VOTING RECORDS.

THE FOUNDATION'S
GOAL IS TO INFORM
THE PUBLIC AND
BRING AWARENESS
TO LAWMAKERS.

Methodology | Georgia 2023

Club for Growth Foundation publishes the scorecard study so the public can monitor the actions and the voting behavior of Georgia’s elected state lawmakers on economic growth issues.

The Foundation conducted a comprehensive examination of each lawmaker’s record on votes related to pro-growth policies and computed an Economic Growth Score on a scale of 0 to 100. A score of 100 indicates the highest support for pro-growth policies.

The Foundation examines legislative votes related to the Club’s immediate pro-economic growth policy goals, including:

- Reducing or eliminating tax rates and enacting tax reform
- Limiting government through limited spending and budget reform
- Regulatory reform and deregulation
- Ending abusive lawsuits through medical malpractice and tort reform
- Expanding school choice
- Implementing Term Limits

Not all of these policy goals will come up for a vote in each legislative session.

The Foundation also examines votes on bills that would directly harm these goals.

This scorecard is based on selected votes of importance to the Foundation and does not include the complete voting record of any legislator. There are inherent limitations in judging the overall qualifications of any legislator based on a selected voting record, and the Foundation does not endorse or oppose any legislator for public office.

2023 LEGISLATIVE ACTIONS CONSIDERED IN GEORGIA

The Foundation’s study examined over 1,100 floor votes and, in the end, included 17 Georgia House votes and 17 Georgia Senate votes.

COMPUTATION

Scores are computed on a scale of 0 to 100. Each vote or action in the rating is assigned a certain number of points depending on its relative importance. If a lawmaker casts a correct vote, the scorecard will denote it with that number. If a lawmaker casts an incorrect vote, the scorecard will denote that vote with a hyphen (-). Absences are not counted – signified as an “X” on the scorecard – though the Foundation reserves the right to do so if, in its judgment, a lawmaker’s position was otherwise discernible. If a lawmaker was not officially sworn into office at the time of a vote, the scorecard will denote that vote with an “I”.

To provide some additional guidance concerning the scores, each lawmaker was ranked. Aside from ties, lawmakers with 0% scores are, by default, ranked #180 in the

House and #56 in the Senate if all lawmakers are present. Scores and ranks cannot be directly compared between the House and Senate, as different votes were taken in each chamber. If applicable, the study also records a “Lifetime Score” for each lawmaker. This is a simple average of the scores from 2023 and all previous years where the lawmaker earned a score.

In some cases, a lawmaker was not present for enough votes for a meaningful score or ranking to be computed. In such cases “n.a.” for “not applicable” appears. In computing lifetime scores, years with “n.a.” listed instead of a score are not included. Comparing such scores to other members without “n.a.” years may be misleading.

ADDITIONAL FACTORS

A study of roll call votes on the floor of the Georgia House and Georgia Senate and legislative actions is just that. It cannot account for a lawmaker’s work in committee, advocacy in his party’s caucus meetings, and effectiveness as a leader in advocating pro-growth policies.

“Through the release of this series, the Club for Growth Foundation is looking at how state legislatures perform in terms of pro-growth policies. We believe that this scorecard will help inform citizens and entrepreneurs about who supports the policies that are good for economic prosperity.”

HB 18

SUPPLEMENTAL SPENDING BINGE

(CFGF OPPOSES)

This bill amends the current FY2023 appropriations bill with new state spending. Specifically, the legislation spends another \$2.3 billion above the previously passed bill, which itself was already an 11 percent increase over the FY2022 budget. The supplemental appropriates \$166 million in crony economic development subsidies to Rivian and Hyundai, \$250 million in new Medicaid spending, and \$188 million in federal ARPA funds to inflate spending baselines in workforce development and healthcare. Instead of backfilling the current fiscal year with another 7.8 percent spending increase, lawmakers should instead focus on setting the future baseline to reduce the spending burden on hardworking Georgians. The Georgia House passed the bill, 172-2, on March 6, 2023. The Georgia Senate passed it, 54-1, on the same day.

HB 19

PROFLIGATE BUDGET AGREEMENT

(CFGF OPPOSES)

This bill allocates spending for the annual budget. Specifically, the legislation spends \$32.4 billion in state funds for the FY2024 fiscal year, a 7.3 percent increase over state spending in FY2023. Furthermore, the package includes \$295 million for yet another \$2,000 across-the-board meritless pay raise for certified teachers and state employees, \$42.2 million in expanded Medicaid reimbursement payments, and over \$50 million in new HOPE scholarship grants to subsidize 100 percent of eligible high school students' college tuition. As Georgians face persistent inflation and economic hardships from harmful federal policies, state lawmakers should not impose additional burdens on taxpayers and employers with ever-increasing spending baselines for government programs. The Georgia House passed the bill, 170-3, on March 29, 2023. The Georgia Senate passed it, 54-1, on the same day.

HB 86

TAX CARVEOUTS FOR ZOOLOGICAL INSTITUTIONS

(CFGF OPPOSES)

This bill extends and expands a special tax carveout for zoos and aquariums. Specifically, the legislation implements an income tax exemption for purchases of tangible personal property equal to \$4.5 million for aquariums and \$800,000 for zoos through 2026. This type of flagrant cronyism further distorts the tax code and rewards well-connected entities—such as the Georgia Aquarium based in Atlanta—at the expense of hardworking families and households working to make ends meet in an environment marked by persistent inflation. The Georgia House passed the bill, 156-10, on March 29, 2023. The Georgia Senate passed it, 52-2, on March 27, 2023.

Georgia 2023 | Senate Vote Descriptions

HB 162
MODEST INCOME TAX REBATE
(CFGF SUPPORTS)

This bill institutes a one-time income tax rebate for Georgia taxpayers. Specifically, the legislation provides a \$250 rebate for individuals, \$375 for head of household, and a \$500 rebate for married couples filing jointly who filed income taxes in 2021 and 2022. In total, the rebate amounts to \$1 billion in taxes returned to hardworking Georgians. In an environment marked by persistent inflation and high costs, lawmakers must provide relief to overburdened taxpayers. The Georgia House passed the bill, 170-2, on February 23, 2023. The Georgia Senate passed it, 46-7, on March 14, 2023.

HB 193
ANTI-COMPETITIVE BIDDING SCHEME
(CFGF OPPOSES)

This bill waters down competitive bidding requirements in state contracts. Specifically, the legislation exempts public works contracts of \$250,000 or less from having to engage in competitive bidding. This is an increase from the previous threshold of \$100,000.

Additionally, the legislation grants rapid transit authorities exemption from competitive bidding requirements up to \$250,000 on the purchase of supplies and equipment if an entity in their service area is utilizing the same contractor. The Georgia House passed the bill, 157-10, on March 27, 2023. The Georgia Senate passed it, 40-12, on March 29, 2023.

HB 230
NEW AUGUSTA ARENA SALES TAX
(CFGF OPPOSES)

This bill implements a referendum and mechanism for increasing sales taxes in Augusta. Specifically, the legislation authorizes a referendum to impose a new 0.5 percent sales tax in Augusta to finance the construction of the James Brown Arena over the next five years and imposes a general obligation cap of \$250 million for the project. With persistent inflation and Georgia families increasingly struggling to make ends meet, lawmakers should not create new government-sanctioned mechanisms to increase taxes on residents for the construction of an entertainment venue. Projects of this nature should be financed through private capital. The

Georgia House passed the bill, 166-6, on March 29, 2023. The Georgia Senate passed it, 44-8, on the same day.

HB 408
CRONY TAX CARVEOUT EXTENSION
(CFGF OPPOSES)

This bill extends the sunset of a major economic development program. Specifically, the legislation extends the expiring sales tax exemption for projects of “regional significance” through 2026. The total cost of the program remains undetermined, a major concern with the program over the years. Eligible recipients are typically large corporations that are exempted from sales taxes on tangible personal property used in the construction of hand-selected projects. Lawmakers should not use the tax code to advantage well-connected corporate interests at the expense of hardworking Georgians who are not afforded the same courtesy. The Georgia House passed the bill, 169-2, on March 2, 2023. The Georgia Senate passed it, 43-6, on March 29, 2023.

Georgia 2023 | Senate Vote Descriptions

HB 545
NEW CITRUS CHECKOFF PROGRAM
(CFGF OPPOSES)

This bill creates a new agricultural checkoff board. Specifically, the legislation creates the Agricultural Commodity Commission for Citrus Fruits within the Georgia Department of Agriculture. The commission will require citrus farmers to pay a specific assessment on their products to fund government-sponsored research and marketing. Checkoff programs allow hand-picked interests in a particular agricultural industry to collude with the government to force their competitors to fund the promotion of their products. These programs essentially serve as government-mandated taxes on smaller businesses and should be abolished. The Georgia House passed the bill, 172-0, on March 2, 2023. The Georgia Senate passed it, 47-3, on March 20, 2023.

HR 66
RATIFYING FUEL TAX SUSPENSION
(CFGF SUPPORTS)

This resolution ratifies the governor’s emergency declaration to extend the suspension of the state gas tax. Specifically, the resolution approves the

continuance of Governor Kemp’s gas and diesel tax suspension through November 29, 2023, to alleviate inflationary pressure on hardworking Georgia families and households. The measure waives the 31.2 cents per gallon tax on gasoline and the 35 cents per gallon tax on diesel. The Georgia House passed the resolution, 178-0, on December 1, 2023. The Georgia Senate passed it, 52-2, on December 5, 2023.

SB 55
YOUNG ENTREPRENEURS REGULATORY RELIEF
(CFGF SUPPORTS)

This bill enacts regulatory relief for minors and aspiring entrepreneurs. Specifically, the legislation prohibits a local or municipal subdivision of the state from requiring permits, licenses, or registration for lemonade stands and other nonalcoholic beverage businesses operated by minors on private property that generate less than \$5,000 in revenue. Arbitrary licensing schemes that discourage entrepreneurial community and neighborhood activities empower government bureaucrats and serve as unneeded barriers to work. The

Georgia House passed the bill, 150-18, on March 16, 2023. The Georgia Senate passed it, 50-0, on March 21, 2023.

SB 61
PERMANENT SICK LEAVE MANDATE
(CFGF OPPOSES)

This bill imposes a costly new mandate on employers. Specifically, the legislation permanently eliminates an existing sunset for a family sick leave policy, requiring businesses with 25 or more employees in Georgia to allow up to 5 days of sick leave each year to attend to an ill immediate family member. These one-size-fits-all labor mandates impose front-end costs on employers who have to account for potentially a week of lost labor from each employee and back-end costs for employees who potentially lose take-home pay and individually tailored benefits to offset the cost of the government mandate. Lawmakers should allow the labor market to dictate sick leave policies and other prospective benefits offered by employers. The Georgia House passed the bill, 172-1, on March 20, 2023. The Georgia Senate passed it, 54-1, on February 21, 2023.

SB 106
TARGETED MEDICAID EXPANSION
(CFGF OPPOSES)

This bill enacts yet another incremental expansion within Medicaid. Specifically, the legislation creates a pilot program that provides for Department of Public Health employees to make at-home visits in designated underserved areas during a woman’s pregnancy and early postpartum timeframe. Additionally, the bill implements a one-year review period to determine whether the program should be expanded. Medicaid remains a costly and fraud-prone welfare program with poorer health outcomes for those enrolled in it. Lawmakers should focus on moving individuals off Medicaid rolls, not enacting incremental expansions that put bureaucrats in the private residences of program recipients to monitor them. The Georgia House passed the bill, 168-1, on March 23, 2023. The Georgia Senate passed it, 53-1, on March 27, 2023.

SB 125
REPEALING RENT CONTROL PROHIBITIONS
(CFGF OPPOSES)

This bill repeals existing state law regarding rent

control. Specifically, the legislation eliminates state prohibitions on local governments, allowing municipalities to implement rent price ceilings. Such policies are ultimately harmful to property owners, disincentivize new housing developments, and reduce property values. Additionally, such measures disadvantage low-income communities that lose access to properties due to higher-income earners remaining in dwellings longer than they otherwise would. A far better way to address housing issues is to end government subsidies in the housing sector that distort costs and tame inflationary pressures through reduced taxes and spending. The Georgia Senate blocked the bill from coming to the floor, 23-33, on March 14, 2023. The Georgia House did not take it up.

SB 177
NEW WELFARE OUTREACH COMMISSION
(CFGF OPPOSES)

This bill creates a new government council to eliminate “food insecurity.” Specifically, the legislation creates the Georgia Food Security Advisory Council to make recommendations on improving access to the Women, Infants, and Children (WIC) welfare program, implementing

new distortionary tax credits for grocery stores, and expand food stamp acceptance at farmers’ markets. Lawmakers should focus on transforming welfare safety nets into trampolines that propel individuals and households back into the workforce instead of seeking to expand the reach and dependency of programs funded by hardworking taxpayers. The Georgia Senate passed the bill, 52-1, on March 6, 2023. The Georgia House did not take it up.

SB 233
SIGNIFICANT SCHOOL CHOICE EXPANSION
(CFGF SUPPORTS)

This bill implements an ESA program for K-12 students in low-performing Georgia government schools. Specifically, the legislation provides for tax dollars to follow students to a school of their parents’ or guardians’ choice—including private education—if the student attends a government school performing in the bottom 25 percent. Parents will have access to roughly \$6,500 per year to use for tuition, books, and other related education expenses. Estimates suggest nearly 21,000 students have the potential eligibility to move from government schools to private

schools by utilizing promise scholarship accounts beginning in the 2025 school year. The Georgia House voted to reconsider the bill, 98-73, on March 29, 2023. The Georgia Senate passed it, 33-23, on March 6, 2023.

SB 246

SUBSIDIZED NURSING LOAN BAILOUT

(CFGF OPPOSES)

This bill enacts numerous changes to the Georgia Board of Health Care Workforce. Specifically, the legislation effectively mandates that the Board provide loans to individuals who hold advanced nursing degrees and have been faculty for at least a year in state college systems. Additionally, the bill authorizes the board to pay up to \$100,000 in student loans for each eligible recipient with no established spending cap. Lawmakers should not create new moral hazards on the backs of families and households struggling to make ends meet. Further, hardworking taxpayers should not be forced to subsidize select professions, much less ones that routinely earn salaries above the state’s per capita income. The Georgia House passed it, 157-5, on March 30, 2023. The Georgia Senate passed it, 53-1, on the same day.

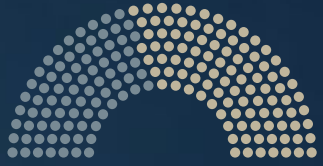

SB 266

PROHIBITION ON TAXPAYER-FINANCED ESG INVESTMENTS

(CFGF SUPPORTS)

This bill prevents hedge funds and private equity funds responsible for managing the portfolios of taxpayer-funded pensions from abandoning their fiduciary duty in favor of a political agenda. Specifically, the legislation constrains the commission charged with overseeing the \$16.5 billion in Georgia’s pension system to only engage with companies for the sole purpose of maximizing shareholder value as opposed to those that prioritize woke Environmental, Social, Governance (ESG) practices. The Georgia Senate passed the bill, 54-0, on March 6, 2023. The Georgia House did not take it up.

HB 18

SUPPLEMENTAL SPENDING BINGE

(CFGF OPPOSES)

This bill amends the current FY2023 appropriations bill with new state spending. Specifically, the legislation spends another \$2.3 billion above the previously passed bill, which itself was already an 11 percent increase over the FY2022 budget. The supplemental appropriates \$166 million in crony economic development subsidies to Rivian and Hyundai, \$250 million in new Medicaid spending, and \$188 million in federal ARPA funds to inflate spending baselines in workforce development and healthcare. Instead of backfilling the current fiscal year with another 7.8 percent spending increase, lawmakers should instead focus on setting the future baseline to reduce the spending burden on hardworking Georgians. The Georgia House passed the bill, 172-2, on March 6, 2023. The Georgia Senate passed it, 54-1, on the same day.

HB 19

PROFLIGATE BUDGET AGREEMENT

(CFGF OPPOSES)

This bill allocates spending for the annual budget. Specifically, the legislation spends \$32.4 billion in state funds for the FY2024 fiscal year, a 7.3 percent increase over state spending in FY2023. Furthermore, the package includes \$295 million for yet another \$2,000 across-the-board meritless pay raise for certified teachers and state employees, \$42.2 million in expanded Medicaid reimbursement payments, and over \$50 million in new HOPE scholarship grants to subsidize 100 percent of eligible high school students' college tuition. As Georgians face persistent inflation and economic hardships from harmful federal policies, state lawmakers should not impose additional burdens on taxpayers and employers with ever-increasing spending baselines for government programs. The Georgia House passed the bill, 170-3, on March 29, 2023. The Georgia Senate passed it, 54-1, on the same day.

HB 86

TAX CARVEOUTS FOR ZOOLOGICAL INSTITUTIONS

(CFGF OPPOSES)

This bill extends and expands a special tax carveout for zoos and aquariums. Specifically, the legislation implements an income tax exemption for purchases of tangible personal property equal to \$4.5 million for aquariums and \$800,000 for zoos through 2026. This type of flagrant cronyism further distorts the tax code and rewards well-connected entities—such as the Georgia Aquarium based in Atlanta—at the expense of hardworking families and households working to make ends meet in an environment marked by persistent inflation. The Georgia House passed the bill, 156-10, on March 29, 2023. The Georgia Senate passed it, 52-2, on March 27, 2023.

HB 101
CRONY OMNIBUS TAX PACKAGE
(CFGF OPPOSES)

This omnibus bill implements changes to several tax credit programs. Specifically, the legislation increases the existing tax credit for S corporation contributions to rural hospitals from \$10,000 to \$25,000, creates a new mortgage loan originator credit for non-profits capped at \$10 million per year, and expands the qualified education expense tax credit from \$120 million to \$130 million per year to bolster an already successful school choice program. While the expansion of the school choice scholarship credit is a welcome change to provide more Georgia parents and students with better educational options, it is offset by the more than \$15 million in new tax carveouts for government-preferred industries. The Georgia House passed the bill, 102-73, on March 6, 2023. The Georgia Senate tabled it.

HB 162
MODEST INCOME TAX REBATE
(CFGF SUPPORTS)

This bill institutes a one-time income tax rebate for Georgia taxpayers. Specifically,

the legislation provides a \$250 rebate for individuals, \$375 for head of household, and a \$500 rebate for married couples filing jointly who filed income taxes in 2021 and 2022. In total, the rebate amounts to \$1 billion in taxes returned to hardworking Georgians. In an environment marked by persistent inflation and high costs, lawmakers must provide relief to overburdened taxpayers. The Georgia House passed the bill, 170-2, on February 23, 2023. The Georgia Senate passed it, 46-7, on March 14, 2023.

HB 193
ANTI-COMPETITIVE BIDDING SCHEME
(CFGF OPPOSES)

This bill waters down competitive bidding requirements in state contracts. Specifically, the legislation exempts public works contracts of \$250,000 or less from having to engage in competitive bidding. This is an increase from the previous threshold of \$100,000. Additionally, the legislation grants rapid transit authorities exemption from competitive bidding requirements up to \$250,000 on the purchase of supplies and equipment if an entity in their service area is utilizing the same contractor.

The Georgia House passed the bill, 157-10, on March 27, 2023. The Georgia Senate passed it, 40-12, on March 29, 2023.

HB 206
ABSURD GREEN NEW DEAL BOND SCHEME
(CFGF OPPOSES)

This bill implements significant new taxing powers at the local level. Specifically, the legislation authorizes local governments to create Commercial Property Assessed Conservation, Energy, and Resiliency Authorities (CPACE) that can levy unlimited bonds and increase local taxes to finance costly green energy infrastructure changes for commercial properties. The bill also provides for an additional tax on the property as a mechanism to repay the green energy bonds. This ridiculous scheme subjects taxpayers to higher taxation and prospective moral hazards for bailouts in the name of a dogmatic and destructive climate agenda. The Georgia House passed the bill, 134-38, on March 6, 2023. The Georgia Senate did not take it up in 2023.

HB 230
NEW AUGUSTA ARENA SALES TAX
(CFGF OPPOSES)

This bill implements a referendum and mechanism for increasing sales taxes in Augusta. Specifically, the legislation authorizes a referendum to impose a new 0.5 percent sales tax in Augusta to finance the construction of the James Brown Arena over the next five years and imposes a general obligation cap of \$250 million for the project. With persistent inflation and Georgia families increasingly struggling to make ends meet, lawmakers should not create new government-sanctioned mechanisms to increase taxes on residents for the construction of an entertainment venue. Projects of this nature should be financed through private capital. The Georgia House passed the bill, 166-6, on March 29, 2023. The Georgia Senate passed it, 44-8, on the same day.

HB 308
CRONY INCOME TAX CREDIT
(CFGF OPPOSES)

This bill authorizes a new income tax exemption for medical students and certain preceptors. Specifically, the legislation expands a tax carveout

for advanced nurses, physician assistants, and other medical professionals who provide training for medical students. The program is capped at \$6 million per year with individual taxpayer rewards equal to \$750 or \$1000 per rotation. This crony credit rewards hand-selected professionals with substantial taxpayer-funded rewards so long as they practice medicine in government-specified areas of the state. The Georgia House passed the bill, 169-1, on March 1, 2023. The Georgia Senate did not take it up.

HB 408
CRONY TAX CARVEOUT EXTENSION
(CFGF OPPOSES)

This bill extends the sunset of a major economic development program. Specifically, the legislation extends the expiring sales tax exemption for projects of “regional significance” through 2026. The total cost of the program remains undetermined, a major concern with the program over the years. Eligible recipients are typically large corporations that are exempted from sales taxes on tangible personal property used in the construction of hand-selected projects. Lawmakers should not use the tax code to

advantage well-connected corporate interests at the expense of hardworking Georgians who are not afforded the same courtesy. The Georgia House passed the bill, 169-2, on March 2, 2023. The Georgia Senate passed it, 43-6, on March 29, 2023.

HB 545
NEW CITRUS CHECKOFF PROGRAM
(CFGF OPPOSES)

This bill creates a new agricultural checkoff board. Specifically, the legislation creates the Agricultural Commodity Commission for Citrus Fruits within the Georgia Department of Agriculture. The commission will require citrus farmers to pay a specific assessment on their products to fund government-sponsored research and marketing. Checkoff programs allow hand-picked interests in a particular agricultural industry to collude with the government to force their competitors to fund the promotion of their products. These programs essentially serve as government-mandated taxes on smaller businesses and should be abolished. The Georgia House passed the bill, 172-0, on March 2, 2023. The Georgia Senate passed it, 47-3, on March 20, 2023.

HR 66
RATIFYING FUEL TAX SUSPENSION
(CFGF SUPPORTS)

This resolution ratifies the governor’s emergency declaration to extend the suspension of the state gas tax. Specifically, the resolution approves the continuance of Governor Kemp’s gas and diesel tax suspension through November 29, 2023, to alleviate inflationary pressure on hardworking Georgia families and households. The measure waives the 31.2 cents per gallon tax on gasoline and the 35 cents per gallon tax on diesel. The Georgia House passed the resolution, 178-0, on December 1, 2023. The Georgia Senate passed it, 52-2, on December 5, 2023.

SB 55
YOUNG ENTREPRENEURS REGULATORY RELIEF
(CFGF SUPPORTS)

This bill enacts regulatory relief for minors and aspiring entrepreneurs. Specifically, the legislation prohibits a local or municipal subdivision of the state from requiring permits, licenses, or registration for lemonade stands

and other nonalcoholic beverage businesses operated by minors on private property that generate less than \$5,000 in revenue. Arbitrary licensing schemes that discourage entrepreneurial community and neighborhood activities empower government bureaucrats and serve as unneeded barriers to work. The Georgia House passed the bill, 150-18, on March 16, 2023. The Georgia Senate passed it, 50-0, on March 21, 2023.

SB 61
PERMANENT SICK LEAVE MANDATE
(CFGF OPPOSES)

This bill imposes a costly new mandate on employers. Specifically, the legislation permanently eliminates an existing sunset for a family sick leave policy, requiring businesses with 25 or more employees in Georgia to allow up to 5 days of sick leave each year to attend to an ill immediate family member. These one-size-fits-all labor mandates impose front-end costs on employers who have to account for potentially a week of lost labor from each employee and back-end costs for employees who potentially

lose take-home pay and individually tailored benefits to offset the cost of the government mandate. Lawmakers should allow the labor market to dictate sick leave policies and other prospective benefits offered by employers. The Georgia House passed the bill, 172-1, on March 20, 2023. The Georgia Senate passed it, 54-1, on February 21, 2023.

SB 106
TARGETED MEDICAID EXPANSION
(CFGF OPPOSES)

This bill enacts yet another incremental expansion within Medicaid. Specifically, the legislation creates a pilot program that provides for Department of Public Health employees to make at-home visits in designated underserved areas during a woman’s pregnancy and early postpartum timeframe. Additionally, the bill implements a one-year review period to determine whether the program should be expanded. Medicaid remains a costly and fraud-prone welfare program with poorer health outcomes for those enrolled in it. Lawmakers should focus on moving individuals off Medicaid rolls, not enacting incremental

expansions that put bureaucrats in the private residences of program recipients to monitor them. The Georgia House passed the bill, 168-1, on March 23, 2023. The Georgia Senate passed it, 53-1, on March 27, 2023.

SB 233

SIGNIFICANT SCHOOL CHOICE EXPANSION

(CFGF SUPPORTS)

This bill implements an ESA program for K-12 students in low-performing Georgia government schools. Specifically, the legislation provides for tax dollars to follow students to a school of their parents’ or guardians’ choice—including private education—if the student attends a government school performing in the bottom 25 percent. Parents will have access to roughly \$6,500 per year to use for tuition, books, and other related education expenses. Estimates suggest nearly 21,000 students have the potential eligibility to move from government schools to private schools by utilizing promise scholarship accounts beginning in the 2025 school year. The Georgia House voted to reconsider the bill, 98-73, on March 29, 2023. The Georgia Senate passed it, 33-23, on March 6, 2023.

SB 246

SUBSIDIZED NURSING LOAN BAILOUT

(CFGF OPPOSES)

This bill enacts numerous changes to the Georgia Board of Health Care Workforce. Specifically, the legislation effectively mandates that the Board provide loans to individuals who hold advanced nursing degrees and have been faculty for at least a year in state college systems. Additionally, the bill authorizes the board to pay up to \$100,000 in student loans for each eligible recipient with no established spending cap. Lawmakers should not create new moral hazards on the backs of families and households struggling to make ends meet. Further, hardworking taxpayers should not be forced to subsidize select professions, much less ones that routinely earn salaries above the state’s per capita income. The Georgia House passed it, 157-5, on March 30, 2023. The Georgia Senate passed it, 53-1, on the same day.
